

Gadsden State Junior College since 1967. From 1967-1981 he served as a counselor, Director of Financial Aid, Director of the Career Development Center and Director of College Development.

Since 1981 he has served as Director of Special Programs. Programs under his supervision include Continuing Education and Community Services, Dial-A-Ride, the Senior Citizens Program, W.E.T.O.C., Alabama Language Institute, the GSJC Scholarship Program and the GSJC Foundation.

Hughes received his B.S. and M.A. degrees from the University of Alabama. He received his Ed.D. from Auburn University in 1975 in Education Administration.

Along with his work at Gadsden State, Hughes has served as a past president of the Gadsden Kiwanis Club. He is currently serving as a Director at SouthTrust Bank of Etowah County and as a Trustee at Westminster Christian School.

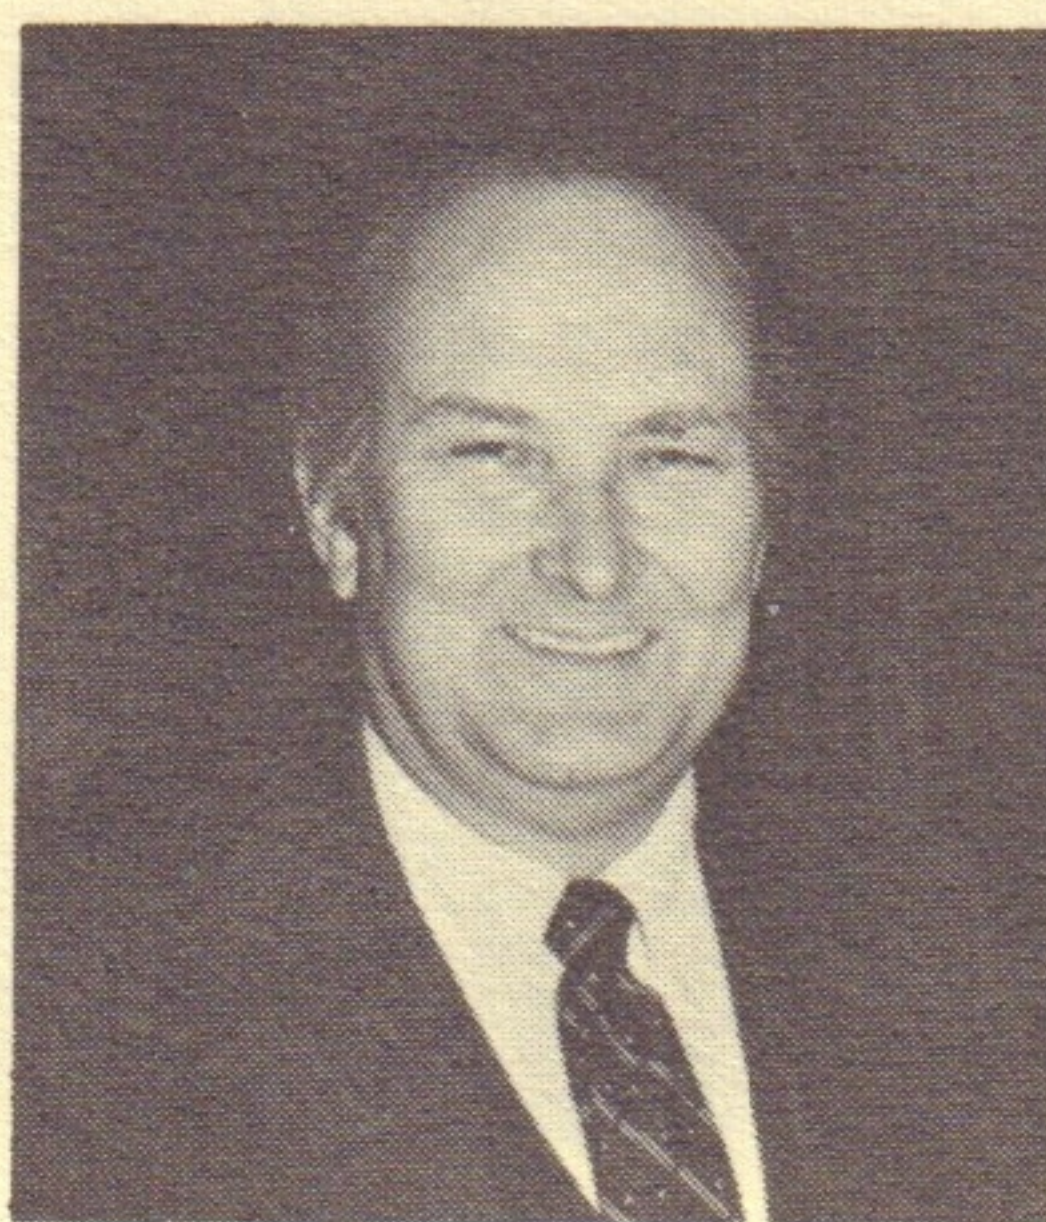

Hughes is married to the former Mary Catherine Cook of Butler, Alabama. They have two daughters, Inga and Lisa.

Mr. Maceo Howard, newly appointed Dean of Students, has been with Alabama Technical College since 1970. From 1970-1975 he was an instructor of related studies. He served as Coordinator of the Evening Programs and Coordinator of Financial Aid and Veterans Affairs from 1975-1980. Since 1980 Howard has been Director of Federal Programs and Director of the Evening Programs. In 1978 and 1982 Howard, on leave from A.T.C., served as acting president of Gadsden State Technical Institute.

Howard received his B.A. from U.A.B. and his M.A. from the University of Alabama. He received his Ed.S. degree in Education Administration from the University of Alabama in 1981.

In addition to his work at A.T.C. Howard is a member of the Etowah County Democratic Executive Committee, the Board of Directors of the Gadsden-Etowah Chamber of Commerce, the Etowah County Voters League, and the Etowah Hospice Organization. He recently served on the selection committee for the Alabama Teacher in Space Program. He also served on the Gadsden Board of Education for eleven years.

Married to the former Vivian Talley, Howard and his wife have one daughter, Sharon McGroder, and one granddaughter, Diedre.

BEVILL VISITS WITH ATC STUDENTS — Congressman Tom Bevill (center), TVA Board Chairman, Charles H. Dean (far left), and Dr. Joab Thomas, President of the University of Alabama (far right), visited with Alabama Technical College students (from left), Eric Breeden, Suzie Fields, Kim Watts, and Joy Justus, at the announcement for the Manufacturing Technology Development Center which will be located on the Alabama Technical College campus of Alabama Community Colleges in Gadsden.

W.E.T.O.C. CONTINUES TO BE A SUCCESS AT GSJC — The Women's Educational Training and Orientation Center (W.E.T.O.C.) continues to be a big success on the Gadsden State Junior College of Alabama Community Colleges in Gadsden. Pictured are the eighteen (18) women enrolled for the winter quarter session. From 5 to 8 W.E.T.O.C. participants usually enroll in the college the quarter following their involvement with the W.E.T.O.C. program. Mrs. Helen Jagers (standing far left) has been the Director of W.E.T.O.C. since 1981.

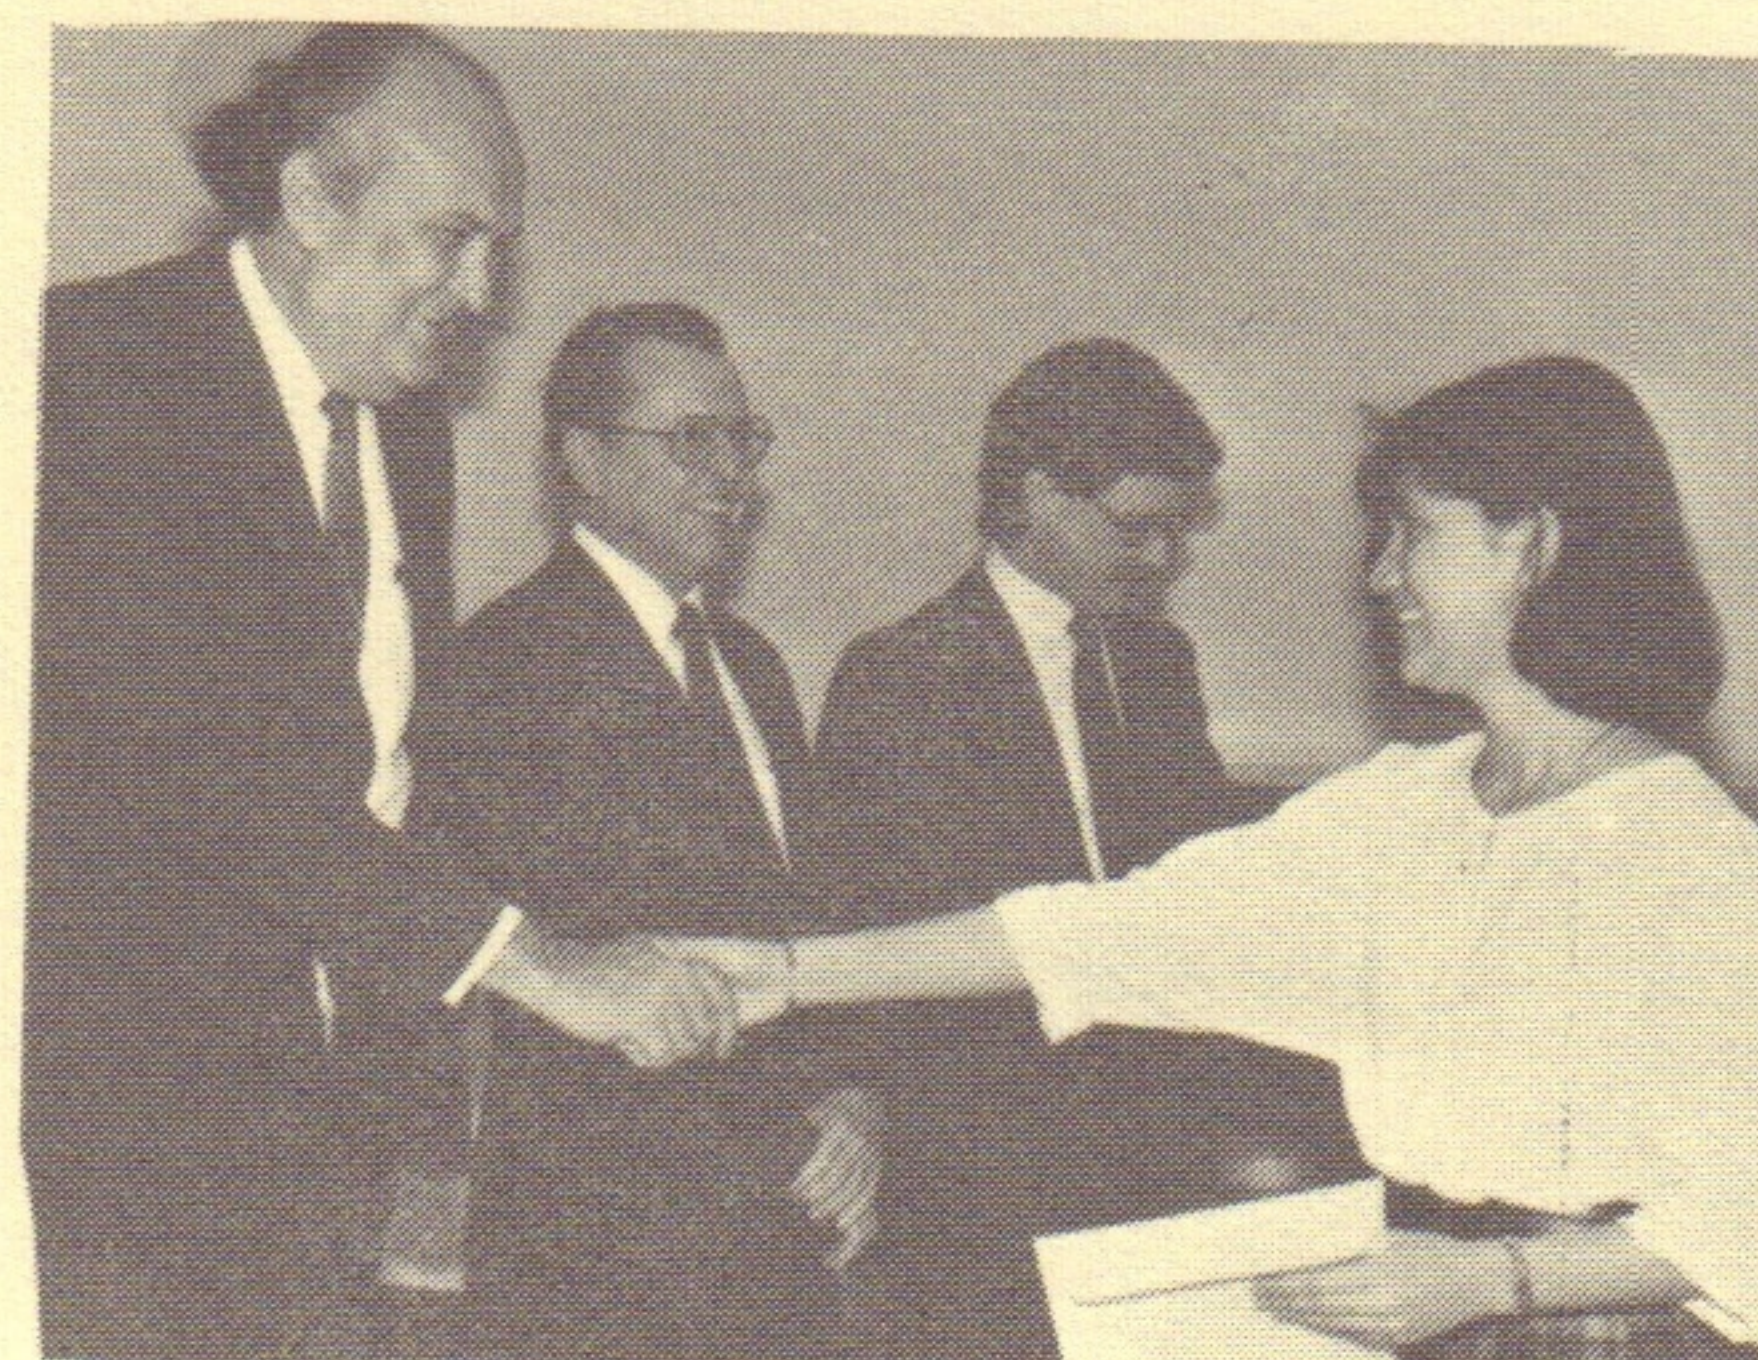

GSJC ART STUDENTS WIN CONTEST — Art students on the Gadsden State Junior College campus of Alabama Community College in Gadsden were the district winners in a "Hire the Handicapped" poster contest. Pictured are the winners (from left) Janice Gaskins (1st place); Joe Hall, (2nd place); and Pam LeCroy, (3rd place). The contest is sponsored by the Governor's Committee and local agencies such as the V.F.W. and the American Legion. Local winners have been entered in the Statewide contest.

PHI THETA KAPPA HONORS DEAN'S LIST STUDENTS — The Phi Theta Kappa chapter on the Gadsden State Junior College campus of Alabama Community Colleges in Gadsden, held a reception in December to recognize all students who made the Dean's List and President's List for the Fall Quarter. Pictured are (from left), Dr. Willene Perkins, Phi Theta Kappa faculty sponsor; Melanie Horton, Secretary; Achsha Baggett; President Robert Howard; Mary Anne Grove, Phi Theta Kappa President; Melanie Beckler; Ahmed Al-Bedoni; and Clifton H. Payne.

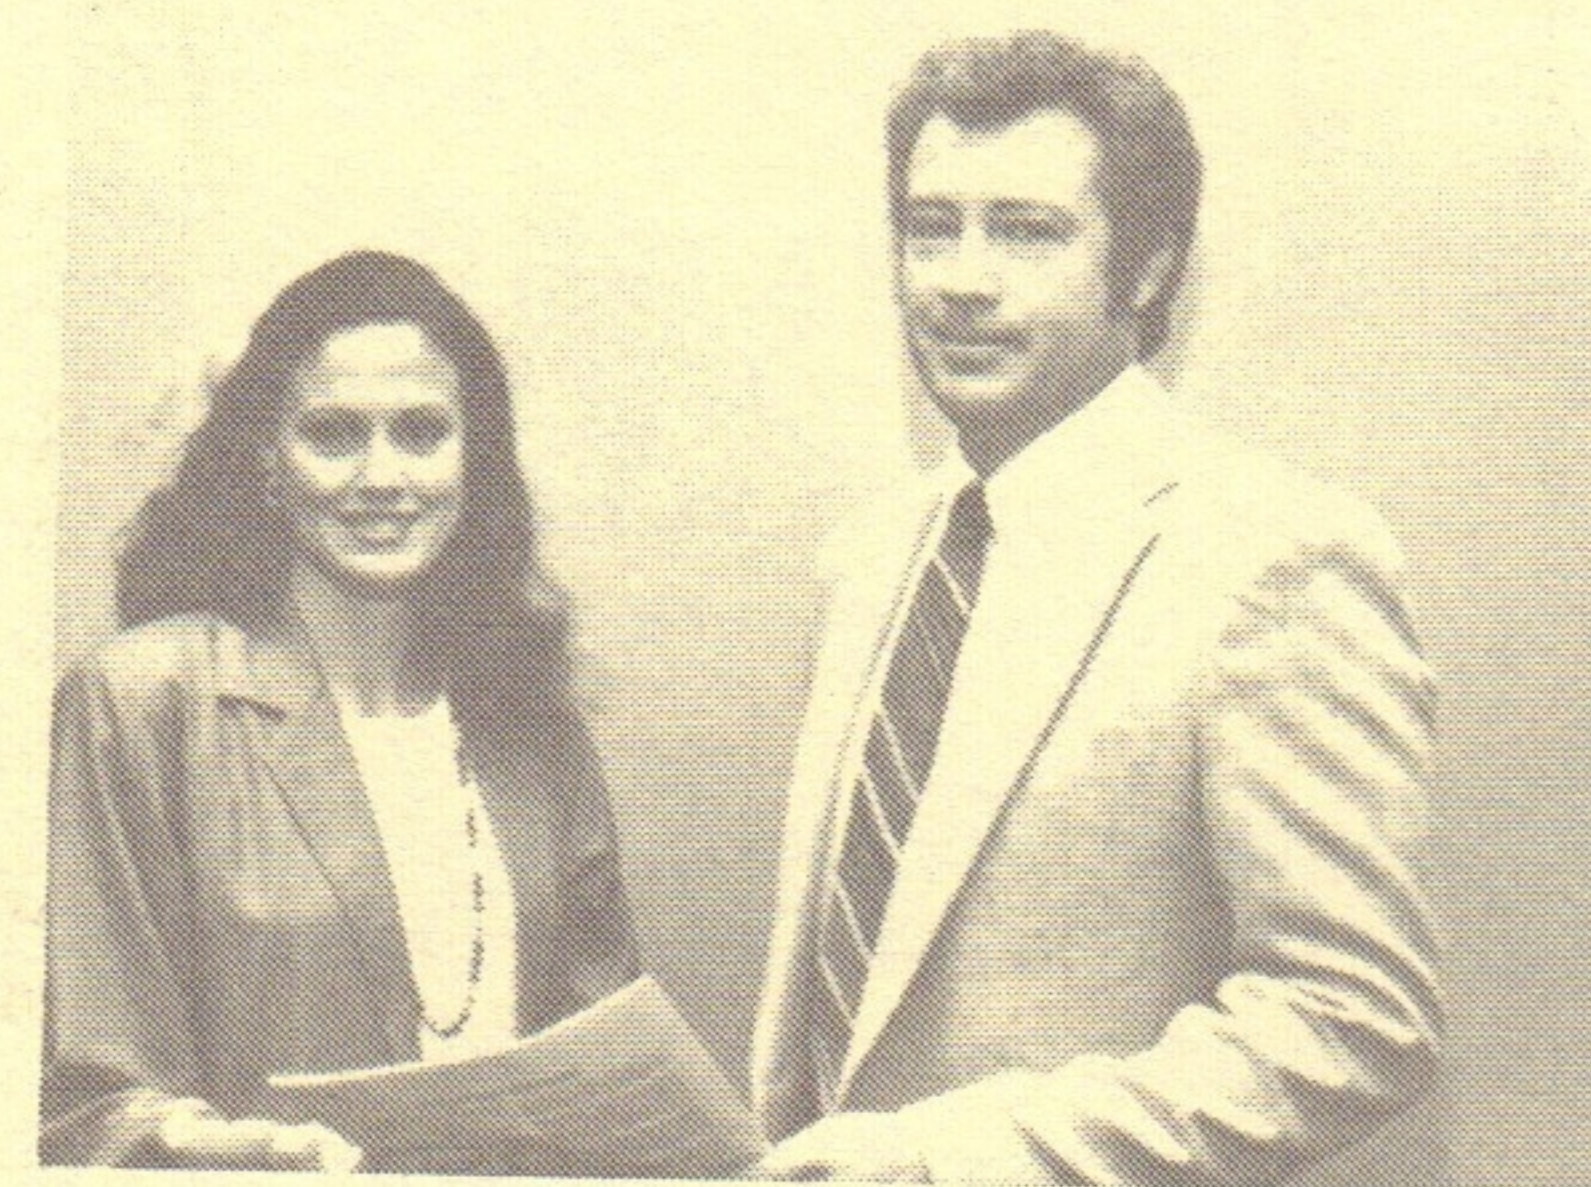

THE STUDENT GOVERNMENT ASSOCIATION on the Gadsden State Junior College Campus of Alabama Community Colleges in Gadsden has finalized its selection of officers and delegates for the 1985-86 year. Pictured are (front row) Tim Wilson, freshman delegate; Dale Hill, faculty sponsor; Tammy Moore, sophomore delegate; Donna Findley, treasurer; Connie Kelley, sophomore delegate; Craig Osborn, president; (back row from left) Tom Thompson, freshman delegate; Todd Hamme, freshman delegate; Rodney Roberts, vice president; and Brad Condra, sophomore delegate.

A.L.I. HOLDS GRADUATION CEREMONY — The Alabama Language Institute, located on the Gadsden State Junior College Campus of Alabama Community Colleges in Gadsden, held graduation recently for 49 students. These students represented 10 foreign countries. Pictured with A.L.I. graduate (far right) Aixa Chong of Panama, are from left Dr. Thomas Hughes, director of A.L.I.; Jack Little, registrar; and Ron Bagby, instructor. A.L.I. offers an intensive full time program which teaches all phases of the English language. International students in the program include undergraduate and graduate students as well as businessmen and women. Most of the students who complete the A.L.I. program transfer into the regular academic program at Gadsden State Junior College.

In Brewton . . .

PICTURED, L TO R, Kate Huff and Joseph P. Davis, Dean of Students.

Kate Huff Employed With Student Services

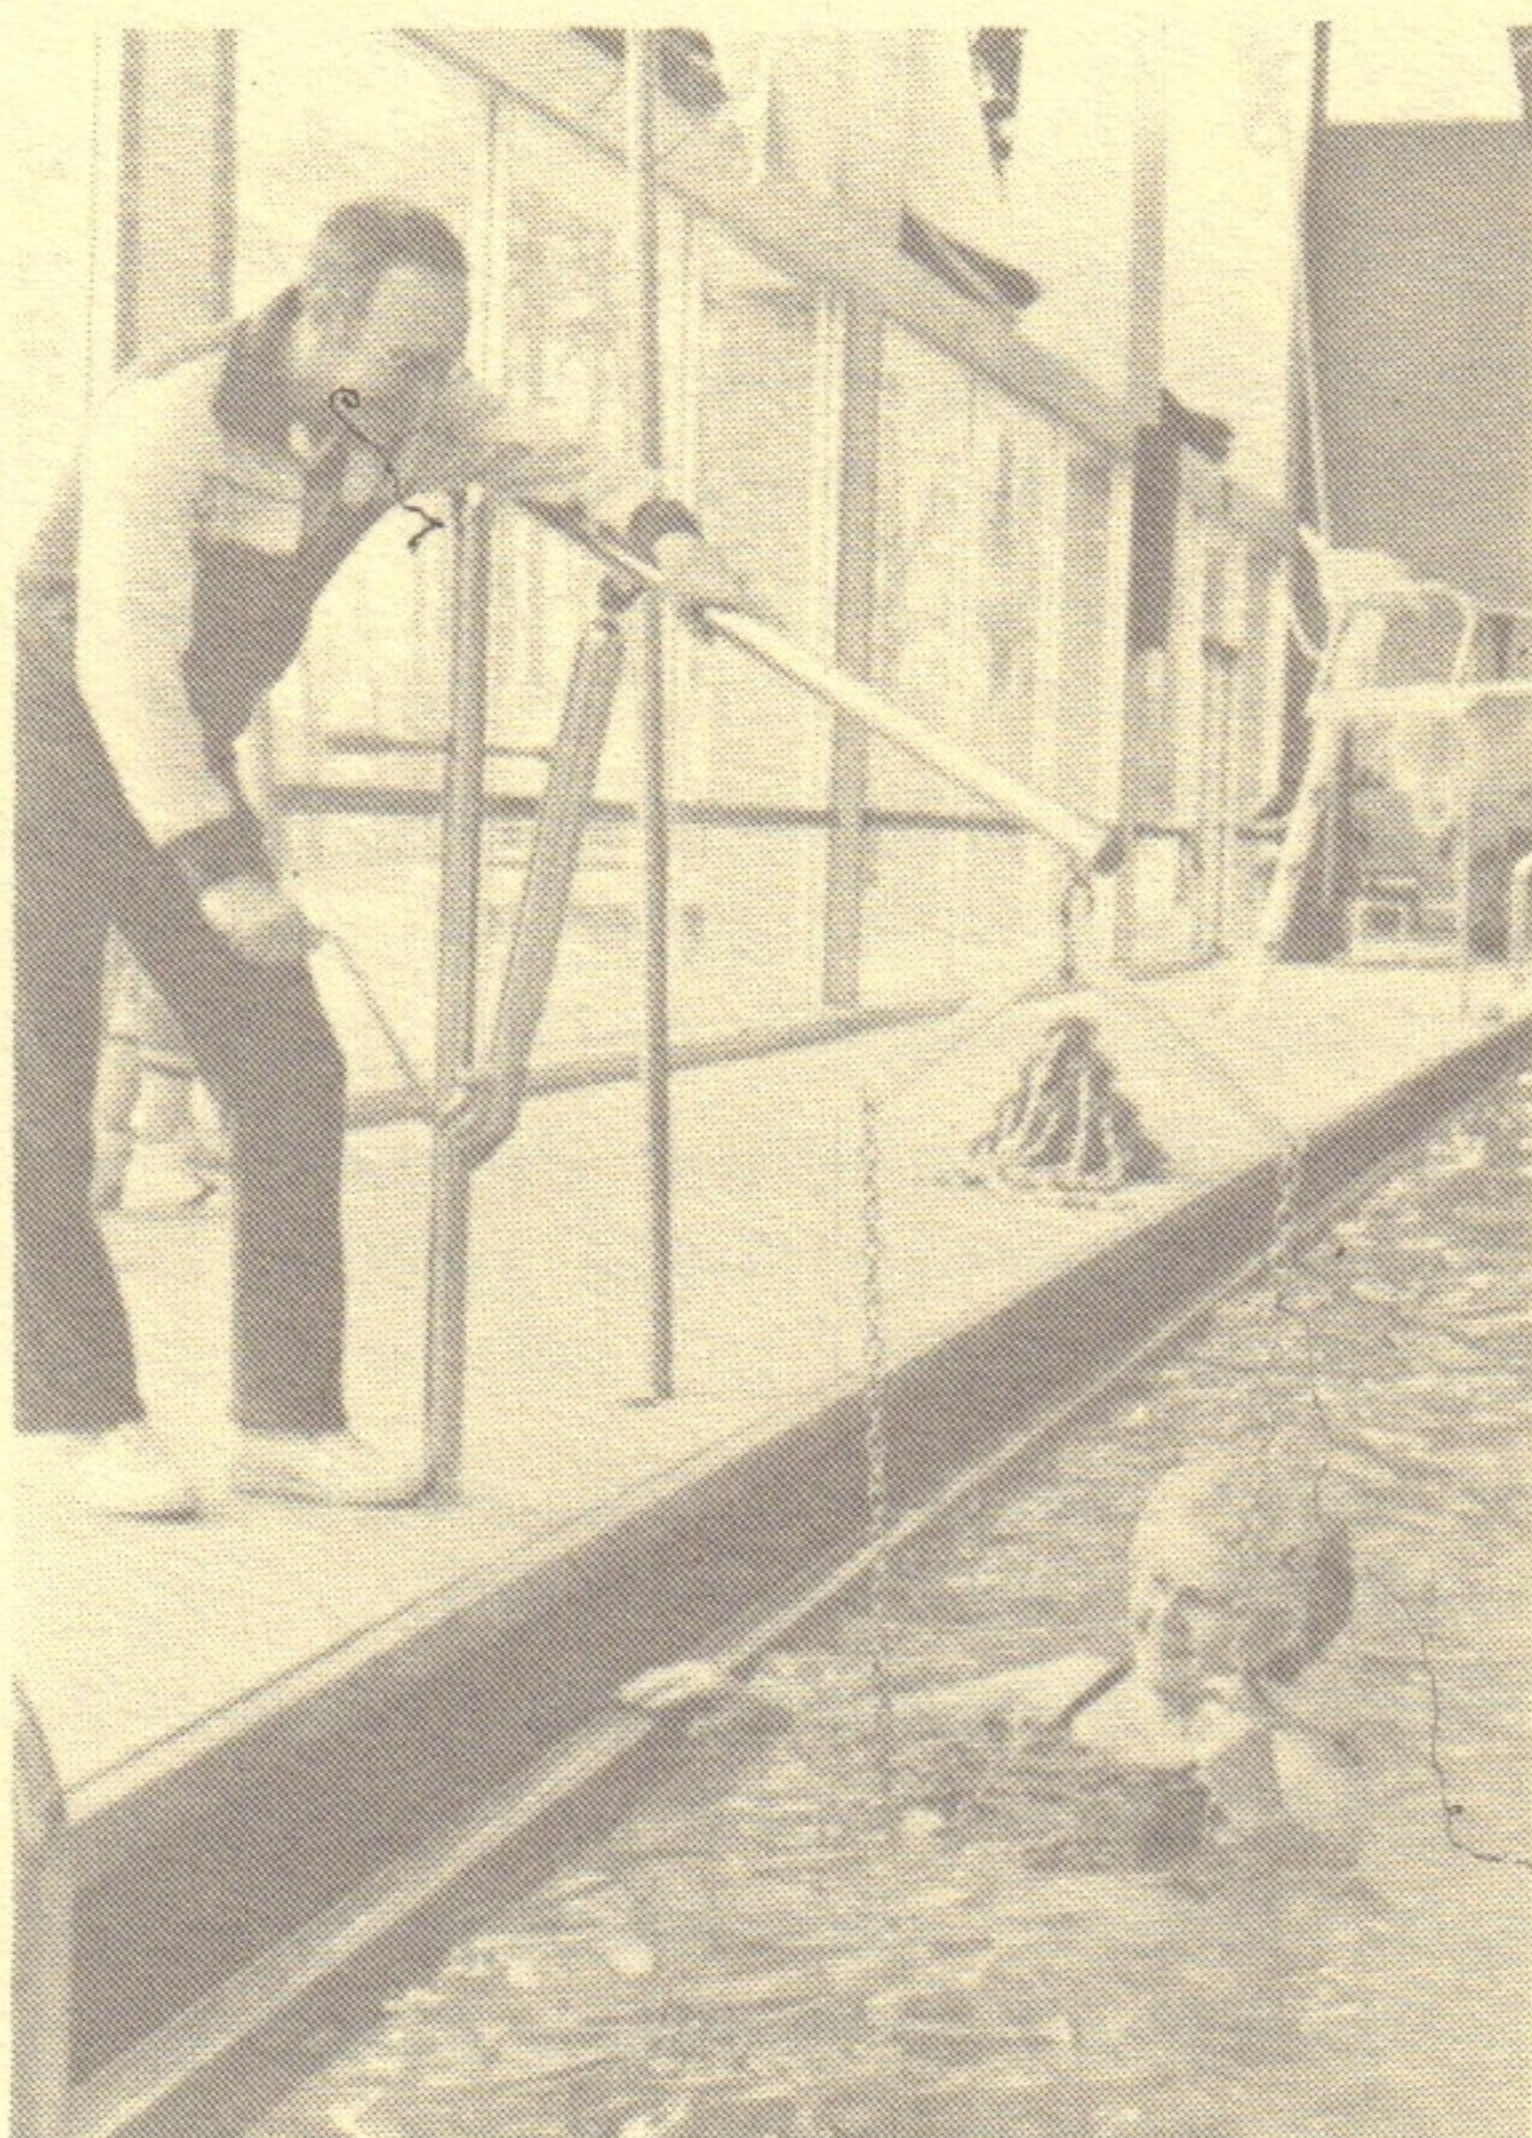

President George McCormick of Jefferson Davis State Junior College has announced that Mrs. Kate Neal Huff has been employed as a member of the Student Services Department. Mrs. Huff will serve in the capacity of Financial Aid Officer effective Jan. 15, 1986.

Responsibilities for the Financial Aid Officer include supervision of the Pell Grant Program, College Work Study Program, Supplemental Educational Opportunity Program and the Guaranteed Student Loan Program. Approximately four hundred students participate in these programs each year with disbursements approaching one-half million dollars per fiscal year.

Following graduation from T. R. Miller High School in 1981, Mrs. Huff enrolled at Jefferson Davis State Junior College where she earned the Associate of Arts Degree in June, 1983. In the course of earning the Associate of Arts Degree she was named to the Dean's List on four occasions.

Mrs. Huff was a member of the National Honor Society at T. R. Miller High School, candidate for the Phi Theta Kappa National Honor Fraternity at Jefferson Davis College, and candidate for Honors Convocation at the University of West Florida. She is currently enrolled at the University of West Florida where she will complete her Bachelors Degree in Business Management in May, 1986.

Mrs. Huff is an active member of the Brewton community where she assisted with numerous Chamber of Commerce projects. She is also actively involved in the programs of the First Presbyterian Church of Brewton.

Physical Fitness Program A Success

Would you enjoy an exercise program prepared just for you? Need to diet, want to exercise, but need a helping hand? Now the community can enroll in Fit-Com, a personal fitness program which is growing in enrollment at Jefferson State. The course name is HPR 105, Individual Fitness and Evaluation.

Fit-Com gives students access to physical education facilities in the LeRoy Brown Health and Physical Education Building. Programs are monitored by expert physical education faculty, coordinated by Coach Tommy Henderson. In Fit-Com, each person is given a battery of fitness tests to determine fitness level and is then advised on a personal fitness program. The facilities include two gymnasiums, an indoor jogging track, an olympic-size swimming pool and a weight room, all available on a scheduled basis.

First In Alabama . . .

Chef Apprentice Program To Begin

The only Chef Apprenticeship Program in the state is to soon begin accepting applicants at Jefferson State. The apprenticeship program is a joint venture of the Greater Birmingham Chef's Association and the Food Service Management and Technology program of Jefferson State.

Jefferson State Food Service Program Coordinator Janie Greene has been working for several months with the Greater Birmingham Chefs and Cooks Association preparing to begin the program. Working with Jefferson State, this degree program will help keep costs for students down, compared to other programs around the nation. Nearest similar programs are in Louisiana, Florida, in New England and on the West Coast.

"There is a big need for certified chefs in the greater Birmingham area," said Program Coordinator Greene. "One hotel at the new Galleria, for example, has five dining rooms and will require qualified personnel."

The program will take about three years to complete, since there are approximately 6,000 hours of training required. Students can earn a Certified Executive Chef degree from Jefferson State in Food Service Management. Academic studies will include courses such as English, Business Math, Public Speaking, along with courses in the major area such as baking, meat cooking, desserts, garnishing, salad preparation, purchasing and menu planning, among others.

There are over 15 certified chefs in the Birmingham area. Each will take one apprentice, adding another as time goes by, not to have more than 3 at one time in different stages of learning. "The program will enhance Food Service classes on campus by bringing in expertise to the classroom," says Mrs. Greene. "Each Certified Chef will come to campus and perform two demonstration classes per year. The college has excellent facilities with its classroom kitchen/laboratories for the food demonstrations."

MIKE BARRETT, with camera strap on shoulder, while on a trip to the Orient with Gov. George Wallace.

Barrett Chosen For Trip To The Orient

Mike Barrett, a sophomore at Jeff Davis, and Dr. George McCormick, were among officials in the areas of education, industry, and government, who joined Governor George Wallace on a trip to the Orient in October. While the Governor's trip included stops to China, Japan, and Korea, Dr. McCormick and Barrett visited only China and Japan.

Barrett was the only student chosen to represent over 100,000 junior and technical college students in Alabama on the trip. He was chosen on the basis of his grades, activities, and teacher recommendations. Dr. McCormick was selected by Dr. Charles Payne, Chancellor of Postsecondary Education and Governor Wallace to represent the two-year colleges.

The Governor's delegation set out on the two-week journey in hopes of promoting in-

dustrial and signing trade agreements with the three countries.

Dr. McCormick and Barrett attended lectures on education and toured universities in such cities as Hong Kong, Wuhan, Peking, and Tokyo.

"I enjoyed the trip immensely. The Communists are not as we perceive them," said Barrett, "The people of China have enough advanced technology to survive Alabama schools."

"While seeing the cultural and economic differences in the Far East," said Dr. McCormick, "I feel the governor's delegation to the Orient is a key to attracting foreign industry to Alabama."

Barrett is a member of the JDJC Warhawk baseball team, serves as vice-president of the Fellowship of Christian Athletes, and is a member of the Phi Theta Kappa Honor Fraternity.

JIM POTMESIL was on hand for workshop

Large Crowd Attends First Clay Conference

Over 55 people were in attendance for the first Alabama Clay Conference held Friday and Saturday, Feb. 7 and 8 in the Fine Arts Center at Jefferson Davis State Junior College.

Special guest folk and traditional potters were featured at the event including Norman Smith of Lawley, Ala., H. M. Boggs, Prattville; Jim and Catherine Potmesil, Robertsdale; Eric Miller and Brent and Jerry Brown of Hamilton.

One main feature of the conference were the workshops of Production Pottery under the direction of Rick Berman, studio potter and graduate of M.F.A. University of Georgia, Athen, Ga. Berman is also the former president of Georgia Designer Craftsman and served as the director of Callanwolde Arts Center. Berman studied in India from 1972- 1978 and has written articles for the "Ceramics Monthly Magazine." He is also the author of "Tea Pots."

Held from 6:30-8:30 p.m. on Friday, Feb. 7 was the opening and reception of the Alabama Clay Exhibition which will remain in the Thomas E. McMillan Fine Arts Museum until Feb. 27.

Mary Anne Staples of Pensacola was also on hand exhibiting watercolors from her recent visit to Morocco. Ms. Staples was in the Watercolor U.S.A. exhibition which is the most prestigious watercolor show in the country.

Kerr Grabowski presented a drawing show dealing with early childhood and doll images.

During the conference, The Alabama Crafts Council presented an award of recognition to Norman Smith for his 64 years of service.

"I feel extremely proud of how smoothly and successful things went for this first clay conference," stated Larry Manning, JDJC Pottery Instructor. "The turnout was very good and the future looks bright for the conference to become an annual event."

JEFFERSON DAVIS JAZZ ENSEMBLE

Show Choir Receives Superior Ratings

The Jefferson Davis Jazz Ensemble, under the direction of Mrs. Glenda Summerford, has once again received superior ratings at the annual Peanut Festival in Dothan, Ala. The event took place on October 18, at the Dothan Opera House.

Before competing in Dothan, J.D. Jazz also performed for the Alabama State Arts' Council, along with the newly-crowned Miss Florida and on Oct. 5, they provided entertainment for the District Kiwanis Club meeting.

The Jazz group provided entertainment at the annual Miss America show, held at Jefferson Davis College Auditorium on Nov. 9, 1985. Their selection of music included "Let Yourself Go," "Puttin on the Ritz," "Misty," and "When the Saints Go Marching In." Appropriately enough, "America the Beautiful"

was the grand finale before welcoming Miss America.

December was a busy month for members of the J. D. Jazz. They provided Christmas programs for the Brewton Middle School, Brewton Rotary Club, and the State Liberty National Insurance Company.

Since the beginning of the new year, the Jazz has performed for numerous organizations and clubs. Some of these are the Gulf Coast Council of Boy Scouts, Flomaton High School, Jay High School, Ladies' Night Kiwanis Club, W. S. Neal High School, and Escambia County High School. Future performances for the Jazz include entertainment at the Alabama Junior Teachers College Convention on April 2 in Mobile, Ala., and they will finish the year with a final concert to be held at the college in early May.

PTK INITIATES

Alpha Eta Lambda Served As Host For State Leadership Conference

The Alpha Eta Lambda chapter of Phi Theta Kappa Honorary Fraternity at Jefferson Davis State Junior College served as host for the Phi Theta Kappa State Leadership Conference this fall quarter. The theme for the Leadership Conference was "Ethics in Today's Media: An Endangered Alliance?" The distinguished guests and speakers included Brewton mayor Ray Sherer; Sue Straughn of TV-3; Ed Williams, Assistant Professor of Journalism at Auburn University; Billy Wilson, Director of Public Relations of the PTK National Office; John Sellers, News Editor of the Mobile Press; Skippy White, Escambia County Representative; and Cliff Wood, Texas State PTK Advisor and founder of the Phi Theta Kappa Leadership Conference.

Fifty-nine members representing ten chapters of PTK across the state of Alabama were in attendance at the Leadership Conference. The Leadership Conference gave PTK members a chance to expand their knowledge of the alliance between ethics and the media. The topic "Ethics in today's Media: An Endangered Alliance?" is also the main theme of Phi Theta Kappa's upcoming conventions on both the state and national level.

Construction Starts On FM Station

Sounds of Madonna, Diana Ross and others, will soon echo the halls of the Wallace Building on the Jefferson Davis State Junior College campus. Construction on the FM station, WYJD, 90.0 MHZ, which will be located in the old administrative offices of the Wallace Building, will begin next month. According to Dr. Williams Ward, programs manager and one of the major figures in the pursuit of this venture, a grant of approximately \$80,000 was awarded the college by the National Telecommunication Information Administration. This represents 75 percent of the needed funding to begin operating. The remaining 25 percent has been tentatively granted from the Governor's discretionary fund monies.

Jeff Davis will receive authorization from the Federal Communications Commission to construct WYJD this month. "We hope to have completed our construction within nine months, because we intend to simply modify the front offices of the Wallace Building, which once housed the Student Services Department. This is to compose the main studios of WYJD," said Dr. Ward. "We anticipate that WYJD will serve as a quote, 'cornerstone' in the future of broadcast journalism to be added to the curriculum of Jeff Davis next year," Dr. Ward said.

WYJD's staff will consist primarily of students majoring in broadcasting or journalism. Special programming will be designed to include such areas as nursing, psychology, science, history, English, sports, and other academic disciplines. WYJD intends to have a special sports director who will broadcast all home Jeff Davis basketball and baseball games.

Orientation Course Gains National Attention

Jefferson State's orientation course for new college students, GS 100, is attracting national attention from college all over the country who are interested in modeling their own orientation courses after the GS 100 course.

Prairie State Community College (Chicago), DeKalb Community College (Atlanta) and other schools from Wisconsin to South Carolina have been in contact with Jefferson State for information about the course which is designed to orient students to college study and career selection.

The course has also received attention at a number of conferences most recently at Decatur, Alabama; Los Angeles, California; and in South Carolina.

GS 100 was also the lead article in the January 1986 issue of the ACCTion Connection, a nationally circulated newsletter on junior and community college affairs.

Jefferson State Announces Honors Scholar Program

A new endeavor, the Honors Scholar Program, will begin for college students this fall at Jefferson State. This new program has been developed to meet the needs of the increasing number of Jefferson State students who are high ability learners and possess general education courses. The program is designed to foster creativity, provide academic challenge, and inspire critical thinking for both students and faculty. In order for each student to receive personal attention and guidance in developing independent thinking, planning career choices, and making transfer decisions the program will

be limited to a small number of students.

Students who are anxious to broaden educational opportunities, and have a high level of intellectual curiosity and academic ability should apply to the program. The Honors Council will review high school and/or college transcripts, standardized test scores, ACT-ASSET scores, letters of recommendation, and conduct personal interviews to select participants in the college program.

The new Honors courses are characterized by small classes, individual attention and an interdisciplinary approach. These classes integrate knowledge and ideas from the liberal arts, sciences, mathematics and technology areas. Honors Scholars will take 35 of the 96 hours required for graduation as honors courses. Some of the IDS honors will emphasize liberal arts and some the sciences. Scholars will also participate in seminars, forums and an individual honors project. Dr. Janice Roberts is serving as Director of the Honors Scholar Program.

Phi Theta Kappa Wins State Awards

The Jefferson State Pi Pi Chapter of the Alabama Phi Theta Kappa Honorary Society received several awards at the state convention held at Gulf Shores State Park on January 13 and February 1. Pi Pi won a Most Active Chapter Award, the Service Award, and an Honorable Mention in the Yearbook competition. Also, the Chapter President Jefferson State sophomore Ginger Davis, was named to Alabama's Order of the Golden Key and was selected with two other students in a three-way tie to receive a scholarship to the 1986 National PTK Honors Institute.

Sponsors for the Jefferson State Phi Theta Kappa in attendance at the convention were Dr. Jo Marshall and Dr. Janice Roberts. The 1985-86 officers are President, Ginger Davis from Center Point; First Vice President, Lawanda Richardson from Trussville; and Second Vice President, Annette Clements, from Tarrant.

Approval Sought For New LPN-To-RN Program

An LPN-to-RN Mobility Program is now being prepared by the Nursing Education faculty at Jefferson State. The college is seeking approval to begin first enrollments next Winter Quarter, December, 1986. "Prospective students may choose to take general education courses now," says Janis Gates, Division Chair of Nursing and Allied Health, "while awaiting approval of the program."

To be admitted to the LPN to RN Mobility Program, prospective students must have completed specific general education courses and an entrance exam which awards credit for advanced placement into the sequence of

nursing courses.

After meeting entrance requirements, qualified LPN's will be eligible to enroll in the required nursing courses in remaining second year general education courses. Graduates will be awarded an Associate in Applied Science degree and will be eligible to take the licensing examination to become registered nurses. Credits earned in Jefferson State's associate degree in nursing program will apply toward a future higher degree in nursing.

JEFFERSON STATE President Judy Merritt congratulates Coach Bill Lankford on his 500th win.

Coach Lankford Wins 500th!

Congratulations to Coach Bill Lankford who saw his 500th career win at a game against Patrick Henry of Monroeville, at Jefferson State on Saturday, November 30, 1985. It was a sweet victory, repaying Patrick-Henry for the November 19th 81-57 trouncing the Pioneers received in Monroeville and marking win 500 for Lankford, one of Alabama's most successful basketball coaches.

Jefferson State began its 20th basketball season (all 20 with Coach Lankford) in mid-November by winning two games and claiming the championship in Jefferson State's Tipoff Classic. "The Tipoff tourney was particularly pleasant because we defeated the team predicted to win the state championship, Chattanooga Valley Community College." CVCC had been picked by state coaches to win the state championship while the Pioneers had a preseason state rank of 9th.

Coach Lankford taught nine years in high schools prior to taking over at Jefferson State. He is ranked 27 in the number of wins among active junior college basketball coaches in the nation.

Championships won by Lankford's teams include the Northern Division, 1968-69; State Championship, Region 17 and tied for 1st, Central Division in 1970-71; won Central Division 1971-72; won region 22 and placed second in nation 1979-80.

In Birmingham . . .

Mary's Quite Contrary On The Basketball Court

While growing up in the small Dallas County community of Browns in a family of 16 children, Mary Johnson shared a room with her six sisters.

She learned quickly how important it could be to pick her spot and protect it, especially at bedtime. It could mean the difference in a good night's sleep or sleeping at the foot of the bed."

Since then, the mild-mannered, 5-foot-11, 160-pound Lawson State basketball star has learned to protect her turf even more.

In a 114-41 victory over Concordia Junior College of Selma, Johnson scored a career-high 51 points and pulled down a national-record 42 rebounds in what Coach Cynthia Abernathy called "an unbelievable effort."

"Mary really protects her turf under the basket," said Abernathy. "She lets it be known that she intends to get everything that comes into her area."

Johnson, who graduated sixth in her class at Keith High School two years ago, is the Lady Cougars' "Dr. Jekyll and Mrs. Hyde."

"That's what I call her," said Abernathy. "Off the court, she is as feminine as they come. On the court, she is a demon. I tell our girls they should be a lady first, a student second and a basketball player third. But during a game, that order is reversed."

It is difficult to picture Johnson as a demon anywhere. She smiles often and speaks softly.

"I receive a lot of punishment during a game," she says. "But I give it, too."

Mary has fond memories of growing up in the country outside Orrville, the same community which has produced such outstanding basketball players as current UAB sophomore Eddie Collins and two Blazer signees, Edward Collins and Larry Rembert.

"I love the country," she said. "We had a big family. I could go off to my favorite hiding place and be by myself. I could go walking through the fields. It was really peaceful."

Johnson was by no means a secret coming out of high school. She was voted MVP of the girls state tournament as a junior when her team went 27-0 and won the Class 3A state championship. The next year, Keith went 26-2 and finished second to Hartselle, which had the state's most celebrated girl basketball player in Vickie Orr. Keith's boys also finished second in the state that year to Midfield.

Johnson scored 50 points in one high school game and was contacted by schools from as far away as UCLA.

"Diane (Thomas, now at UAB) and I both had an offer to visit UCLA but the principal wouldn't let us go," she said. "The visit would have been during semester test week, and he put his foot down."

With all those opportunities, how did Abernathy convince Johnson to attend Lawson State in Birmingham?

"She actually convinced me," confessed the coach. "Her sister lives here in Birmingham and Mary contacted me. I had a message she had called and when I called her back, she came over and we went straight to the president's office. We don't have dorms here, so she has lived with her sister. I am very glad I'm the type person who returns phone messages right away. I'd hate to think of this team without her."

Johnson chose Lawson State because "I wanted to start small. I didn't think I was ready to play at a four-year school."

Lawson State is 12-5 this season, but 8-0 at home. This year's accomplishments include two games over 100 points (116 in a triple-overtime loss to Southern Union, and a 114-41 win over Concordia) and a rare victory over perennial JUCO power Gadsden State.

"It was just the second time we've beaten Gadsden State since we've had a team," said Abernathy. "For us to get to the national tournament, we'll probably have to beat them again — at the state tournament which will be played at Gadsden."

The Lady Cougars must first win the Central Division to get a direct bid to the state junior college tournament. That won't be easy. If they finish second, they'll have to play in the conference tournament at the end of the season for a shot at the second berth.

Johnson has been dazzling this season. Although her 51-point, 42-rebound effort last week was her season high, she has been leading the state in scoring from the start of the season. Her 29.4 points and 19 rebounds per game lead the state in both categories, and her scoring pace is second only to Arlene Peters of Carl Sandburg College in Illinois (32.1 ppg) in the national statistics.

In her last four games, Johnson has scored 45, 38, 31 and 51 — an average of 41.25 per game. And her rebounding pace has been just as impressive during that same span — 26.25 per game.

She has scored 30 or more points eight times this season.

Johnson isn't the only talent on Abernathy's team. Freshman Stefanie Young is third in the state in scoring with 19.1 per game, and Charlette Swann is in the top five at 18.0. Her 14.0 rebounds per game is second only to Johnson in the state.

"To be honest, before the season I wasn't expecting much from this team," said Abernathy. "But they have worked hard. No one has worked harder than Mary. They have a close team unity. I think that is the difference, our unity."

Johnson, who has a 3.68 grade-point

average at Lawson State, is finding renewed interest in her talents from colleges and universities across America. She has been contacted by UAB, Auburn, Alabama and out of state schools including DePaul.

"I'm a homebody," she admits. "I would like to stay close to home if I get the chance."

Abernathy believes Johnson will get that chance.

"Mary is becoming somewhat of a celebrity around here. People are coming out to see her play. She's brought a lot of recognition to our team and school. I've enjoyed every minute of having her here. Now, if we can just win our conference and get to the state tournament."

Mary just smiles. That's the way she is — off the court.

Mary Johnson

Christmas Musical A Big Success

The recent production of the Christmas fun musical "The Legend of Toyland" was a tremendous success for Northwest Alabama Junior College. Approximately 12,500 people attended performances which were held December 4-7. Children from 52 schools from eight surrounding counties and eight day care centers attended.

Over sixty Northwest students, who performed as Toyland characters, delighted audiences as they danced through the crowds, stopping to talk to many of the young children.

Northwest is proud of the students and faculty who spent many hours of hard work to make this production such a success. The production of "Toyland" is a great beginning for a happy holiday season. Already, plans are being made for the December, 1986 production.

Shelton Sponsors Brown Bag Speakers Series

Small, brown bags with printed program information are being distributed by Shelton State Community College in promotion of their four-week Brown Bag Speakers Series sponsored by the New Options and Sex Equity programs of the college.

The free series which began on January 23 and continued through February 13 examined topics of interest such as "When Opportunity Knocks, Open the Door," "A Woman in a Man's World," "The Art of Access," and "The Juggling Act — Family and Career."

New options is a program designed specifically for "displaced" women, homemakers and single parents of this area. Part of a national network, this program offers information, encouragement and occupational and educational planning to adults seeking basic life changes.

The Sex Equity program is designed to help implement a series of activities and events during the year, actions designed to create an awareness and greater understanding among the faculty and students of the college of nontraditional career options which are available to them. The program also provides research strategies to observe attitudes and behavior toward sex bias over this year.

Leading off the series was Margaret Searcy, well known Tuscaloosa author of children's books and anthropology instructor at the University of Alabama. Mrs. Searcy discussed "When Opportunity Knocks, Open the Door." on Thursday, January 23.

Mrs. Searcy's award winning children's books highlight her career as a practicing-teaching anthropologist at the University and reflect her dedication to interpreting the South's multiethnic populations.

She is the author of numerous publications but is best known for children's books. Her fact and fantasy series for the younger reader adapts Indian myths and legends to the problems of the multiethnic classroom. Various parts of her work have been televised throughout the nation, and Alabamians have seen her books featured in several series by both Alabama Public Television and Alabama Educational Television.

On Thursday, January 30, Dr. Alice Viladsden, past president of Alabama Junior and Community College Association and division chair at John C. Calhoun Community College, looked at the problems associated with "A Woman in a Man's World." Dr. Viladsden has also served as president of the Alabama Association of Women Deans, Administrators, and Counselors from 1982-84 and received the Ruth Strang Research Award for Young Professionals by the American Association of Women Deans, Administrators, and Counselors in 1980. She is

a graduate of the University, receiving her Ph.D. M.A., and B.S. degrees from the institution.

On Thursday, February 6, Dr. Carol Zippert, president of West Alabama Community College in Eutaw, Alabama, spoke on "The Art of Access." Dr. Zippert received her Ph.D. from the University, and as the chief administrator for West Alabama Community College she has been active in community activities in Greene County. In 1980 she was elected to the Greene County Board of Education and served as chairperson for the Board in 1982 to the present. She is a member of the National Committee of the Campaign for Human Development and an Advisory Board Member of the Citizens Federal Savings Bank in Eutaw.

Channel 33 TV news anchor Dr. Cathy Randall was the final speaker on Thursday, February 13. Dr. Randall is director of the Computer Based Honors Program at the University and is active with community organizations. She currently serves as president of the Boys Club of Tuscaloosa, is a national officer of Mortar Board and an active member of Junior League of Tuscaloosa. Her subject for the day was "The Juggling Act — Family and Career."

Howington Arrested In March of Dimes Campaign

TUSCALOOSA ... Dr. Arthur Howington, dean of instruction for Shelton State's Junior College Division, was arrested, handcuffed and taken to jail by local authorities at approximately 10:35 a.m. on Thursday, February 27, 1986.

Bail for Howington was set at \$150, and he was allowed five telephone calls in an effort to obtain his release.

Howington, along with other community leaders, was arrested as part of the March of Dimes annual fund raising campaign.

Howington was able to obtain his release through the help of Shelton State personnel.

DR. ARTHUR HOWINGTON, left, is shown being handcuffed by local authorities and taken to jail.

Shelton State Joins Adopt A School Program

Shelton State Community College and Vestavia Hills Elementary School in Northport have joined together for the Adopt-A-School Program, a business education partnership sponsored by the Tuscaloosa City

Schools, Tuscaloosa County Schools and The Chamber of Commerce of West Alabama.

The Adopt-A-School Program is a partnership between business and education that is designed to strengthen the quality of the educational process through the use of community resources, to promote better understanding between business, industry, community and the schools, and to create better learning opportunities for everyone involved in the partnership effort. The program matches one local business/industry with one school for the term of an academic year

At Boaz...

Herman Johnson

Johnson Appointed Assistant To Dean Of Student Services

Herman Johnson, instructor in Instrumental Music and Director of the Jazz Band at Snead State Junior College, has been appointed to serve as Assistant to the Dean of Student Services, a reassignment from serving as Director of Continuing Education. He also serves as school photographer.

A native of Montgomery, Herman is the son of the late Herman L. and Lorena Johnson. He holds a B.S. Degree from Jacksonville State University; M.A. from the University of Alabama, and has additional graduate work from the University of Alabama and the University of Montevallo. He was appointed to the Snead State music faculty in 1972 and has served to the present time without interruption.

Herman and his wife Nelda, who teaches in the Albertville City School System, live in Boaz. They have two children: Dewayne of Atlanta, GA, and Lisa, who lives in Auburn. They are members of the First Baptist Church, Boaz.

Freshwater Awarded PhD In Humanities

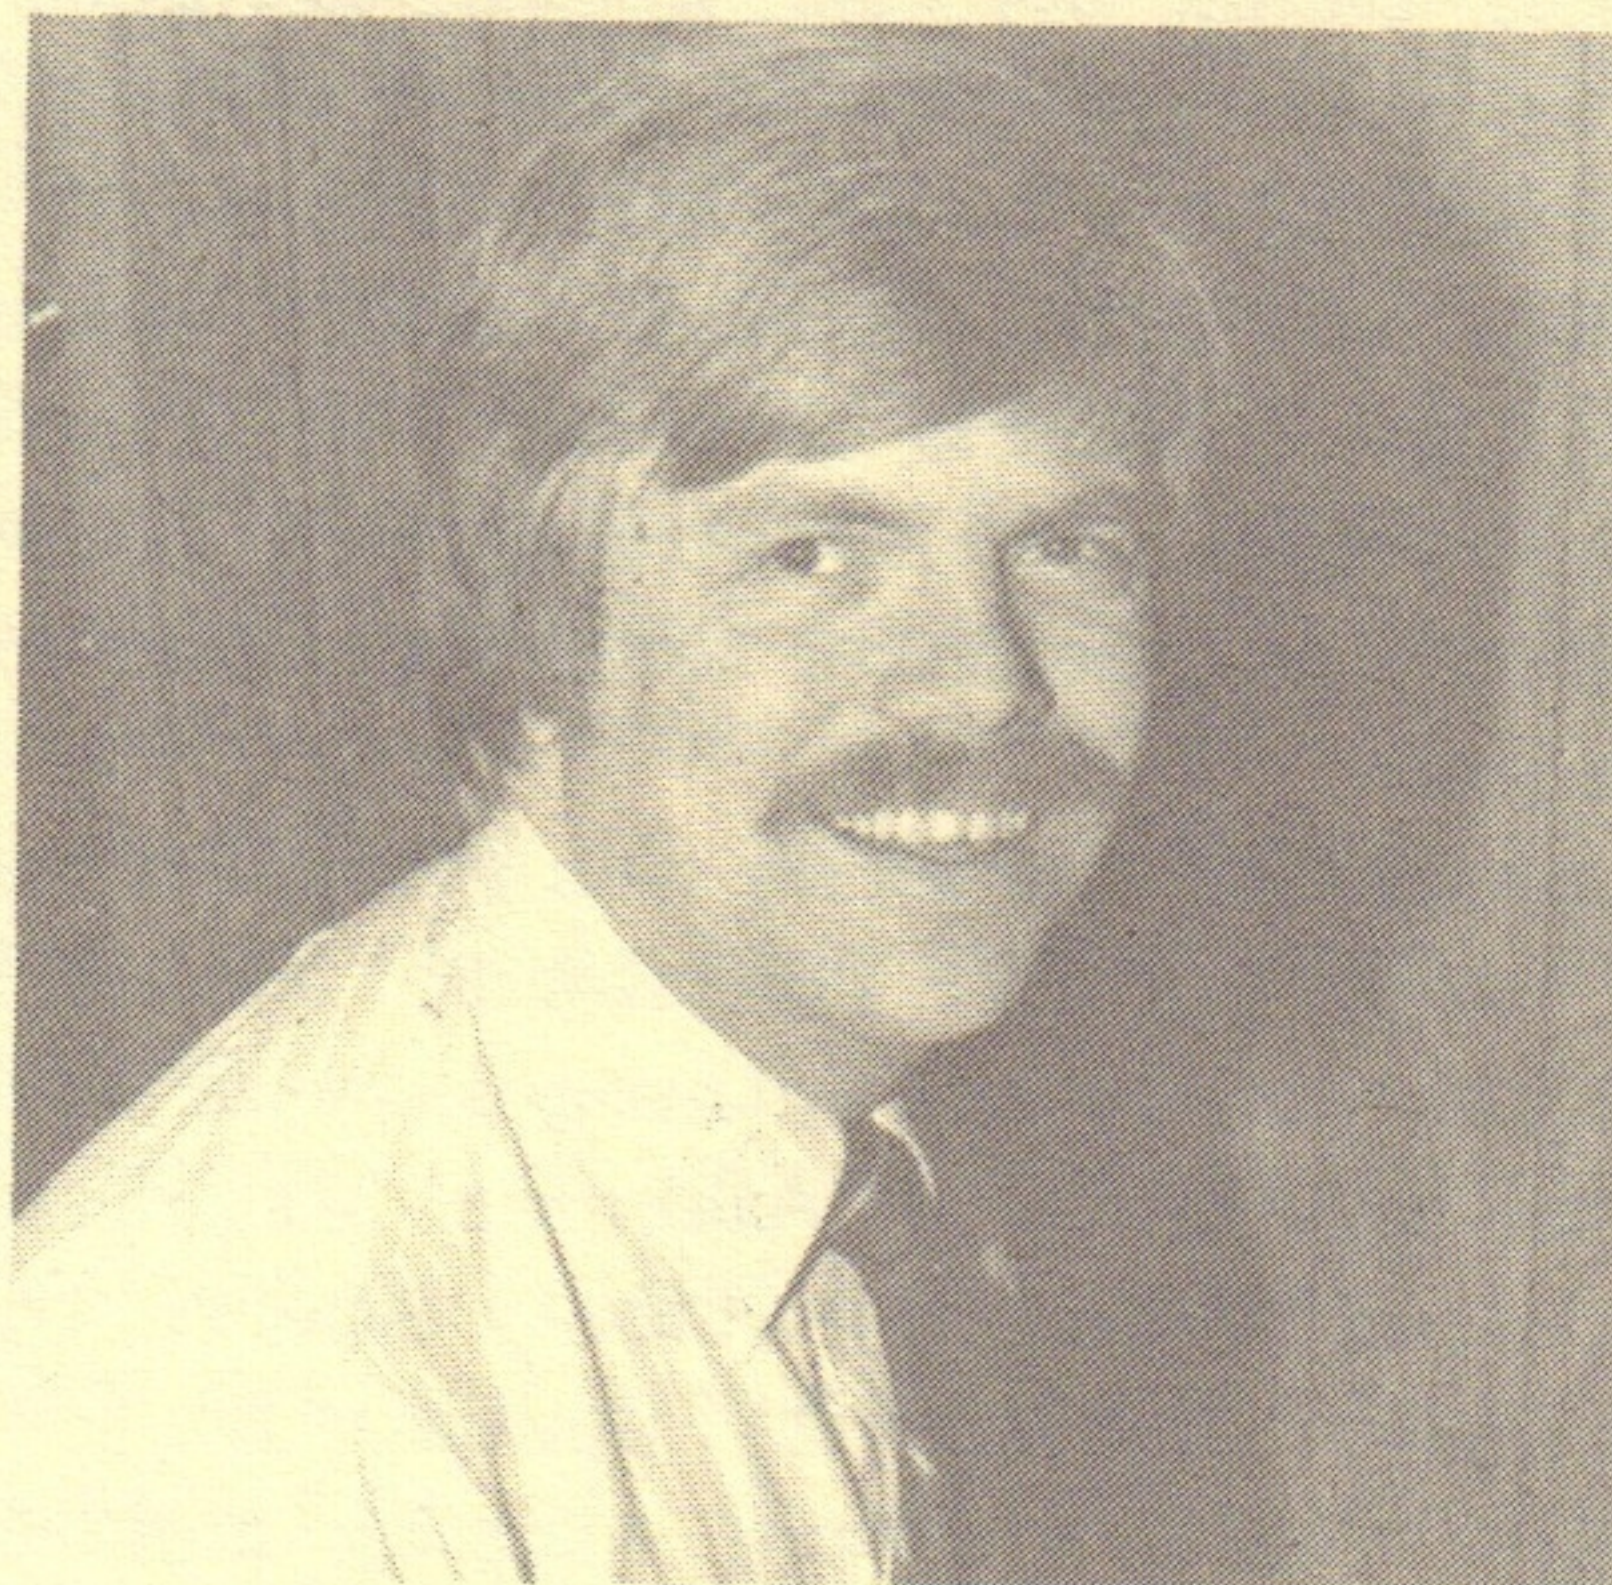

Mark Freshwater, a member of the Snead State Junior College faculty, has recently been awarded the Doctor of Philosophy (in Humanities) from Florida State University. His doctoral dissertation is titled, "C. S. Lewis and the Quest for the Historical Jesus." He also holds BS and MA Degrees

from Florida State, and has additional graduate course credit from Indiana University.

Originally from St. Petersburg, Florida, Mark is the son of Joanna and Fred Freshwater of St. Petersburg. He and his wife Joyce, with their three children, Todd, Suzanne, and David, currently reside in Albertville. They are active members of Hewett Memorial United Methodist Church where Mark serves as Lay Leader.

Mark joined the Snead State faculty in 1975. As a member of the Social Sciences Division, he teaches history, philosophy, literature of the Bible, and world religions. He serves as coach and sponsor of the College Bowl Team (Scholars Bowl) and is current Vice President of the Snead State AEA unit.

Mark is scheduled to appear as a guest lecturer at Auburn University, speaking on the topic of his PhD dissertation, and will address student organizations while on the Auburn campus. Also, during the upcoming Alabama Junior and Community College Association Convention, which will convene in Mobile in early April, he will serve as Chairman of the Social Sciences Interest Group.

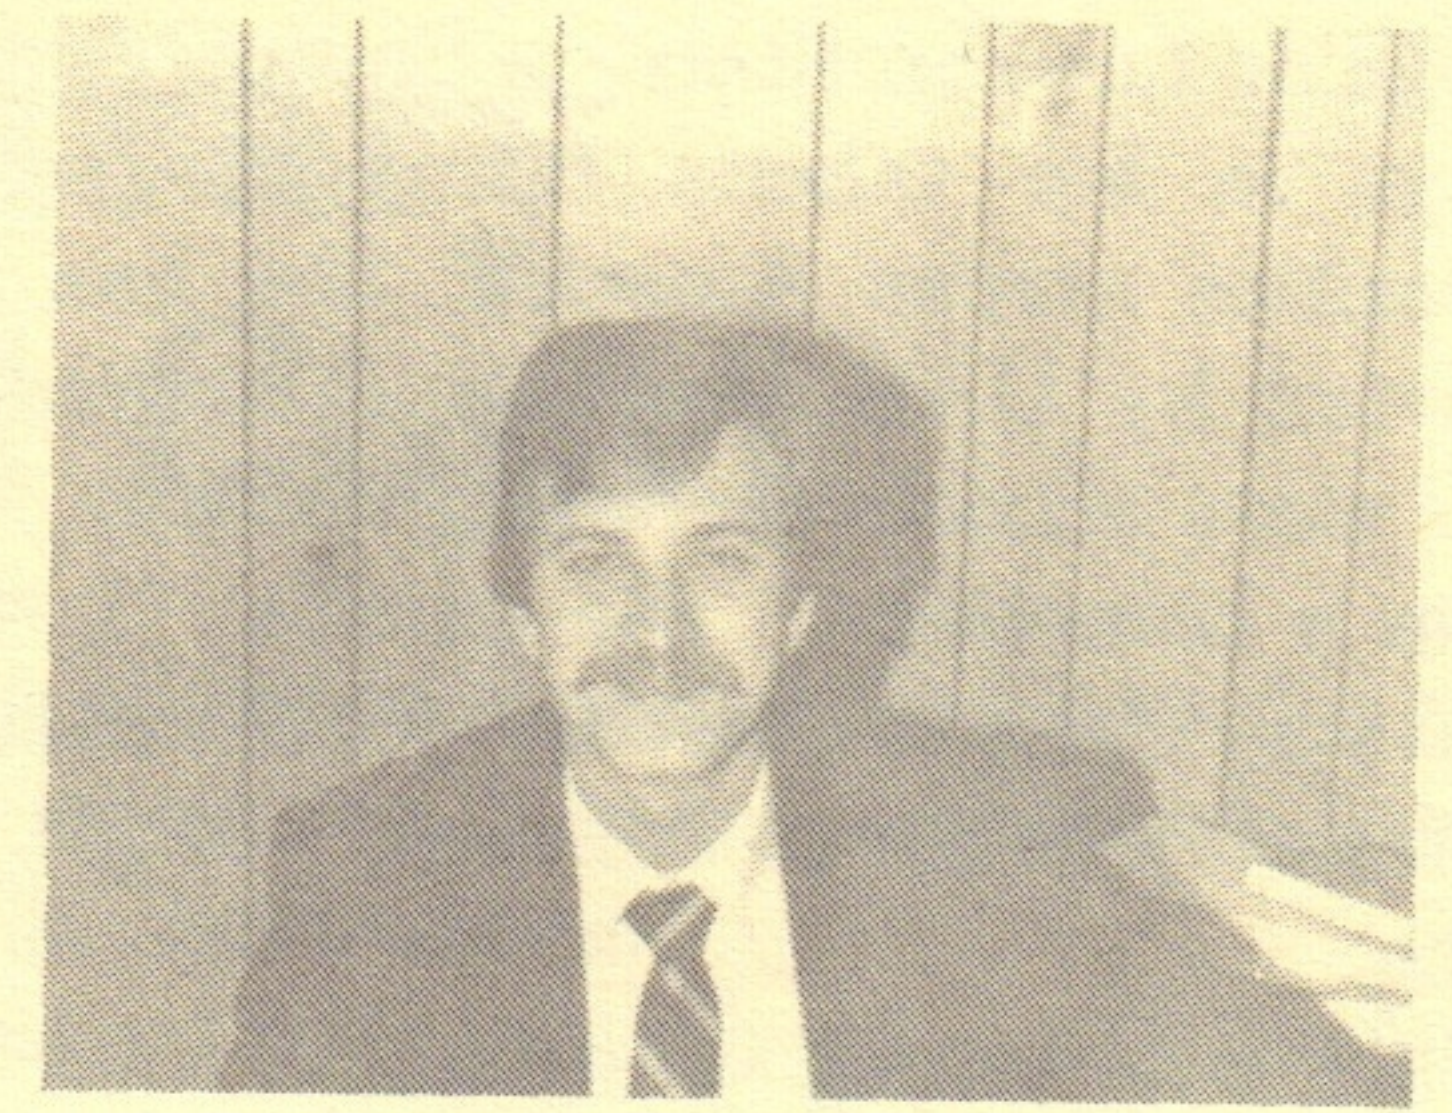

Mark Freshwater

Thomson Appointed To Administrative Staff

Mark Thomson has been recently appointed to the Administrative Staff at Snead State Junior College as Coordinator of the Training for Business and Industry Program. He is a 1984 graduate of Snead State and is currently enrolled at Jacksonville State in Computer Science and Management.

A native of Birmingham, Mark is the son of Jean and Dean Thomson of Charlotte, N.C. He and his wife Candace, with their daughters Brooklyn and Brittney, currently reside in Altoona.

Mark has been employed at Snead State as a Computer Science Technician and in the Snead State-TVA Skills Training Program since 1984. In his present position he works with area business and industry by developing training programs or specific courses as their needs are identified.

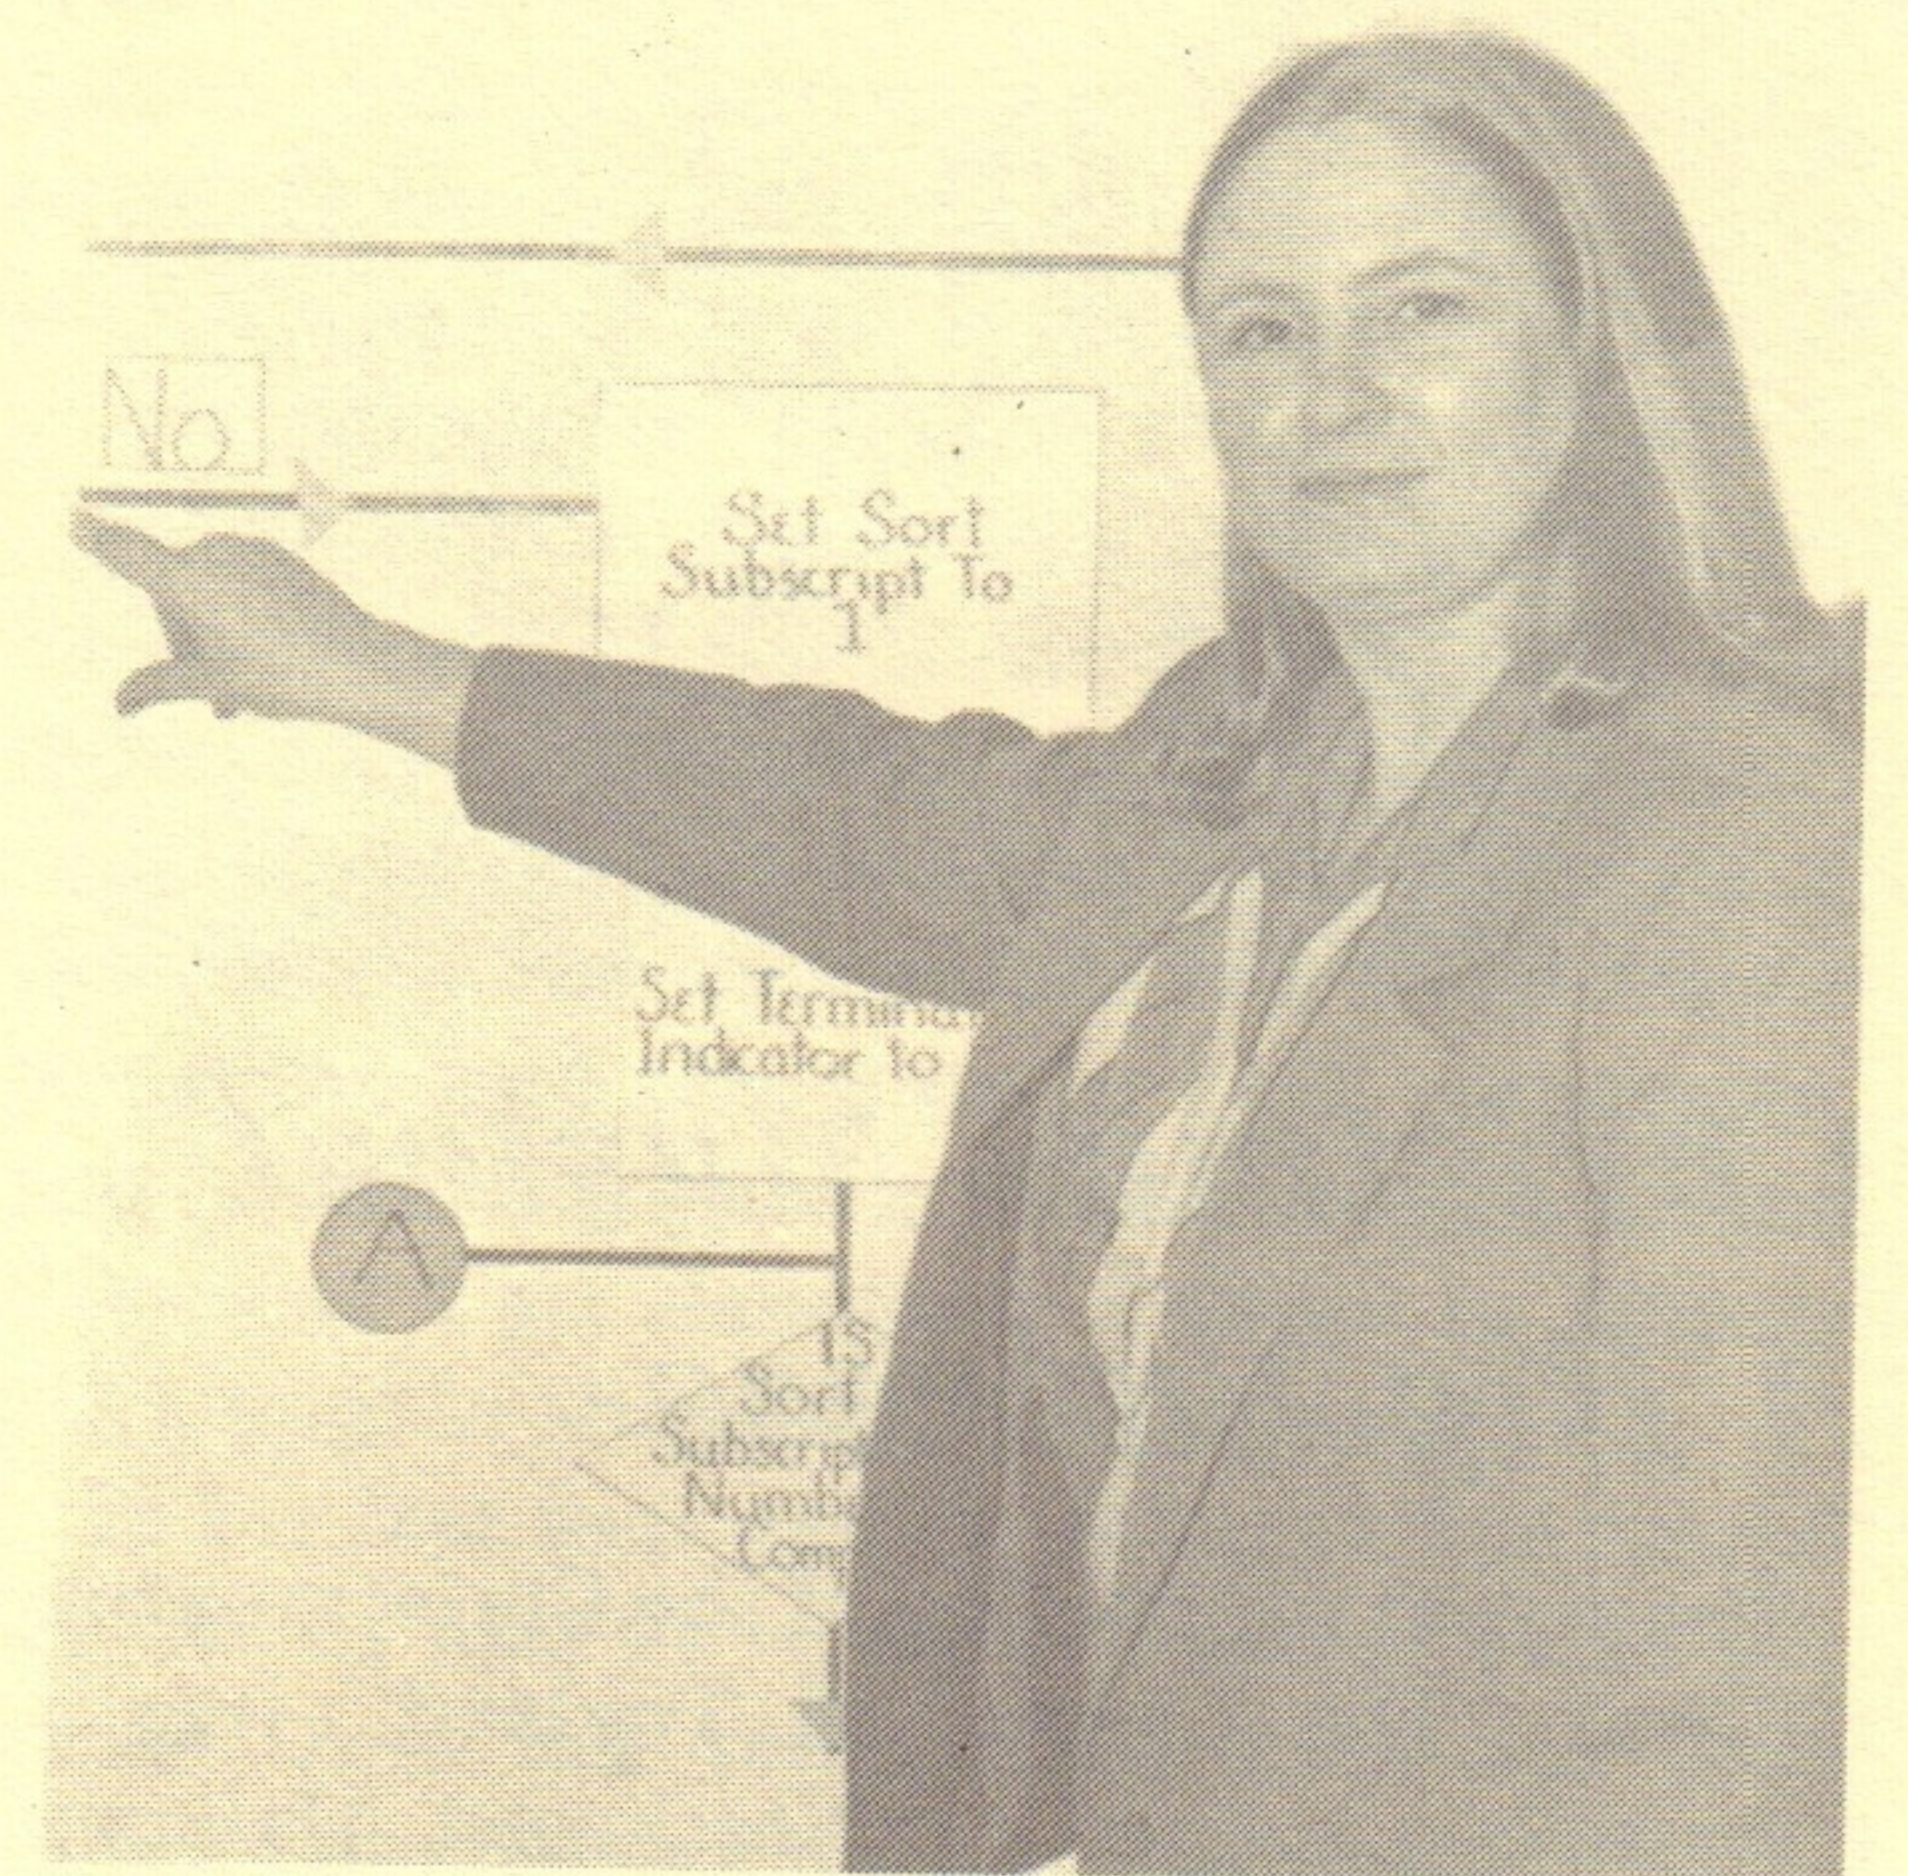

Mark Thomson

Wilder Awarded Degree

Jeanene Wilder, a member of the Snead State Junior College Computer Science faculty, was recently awarded a Bachelor of Science Degree from Jacksonville State University. She completed her major in Computer Information Systems. A graduate of Snead State, she has been employed in Secretarial and Computer Science Technician positions at Snead State since 1978.

A native of Guntersville, Jeanene is the daughter of Jeanette Smith and the late James Smith. She and her husband Michael Wilder, with their daughters Mendy and Kristy, live in Guntersville. Michael, who is employed by Universal Data Systems of Huntsville, also serves as part-time Computer Science instructor for Snead State.

Jeanene and her family are active members of the First Methodist Church, Guntersville.

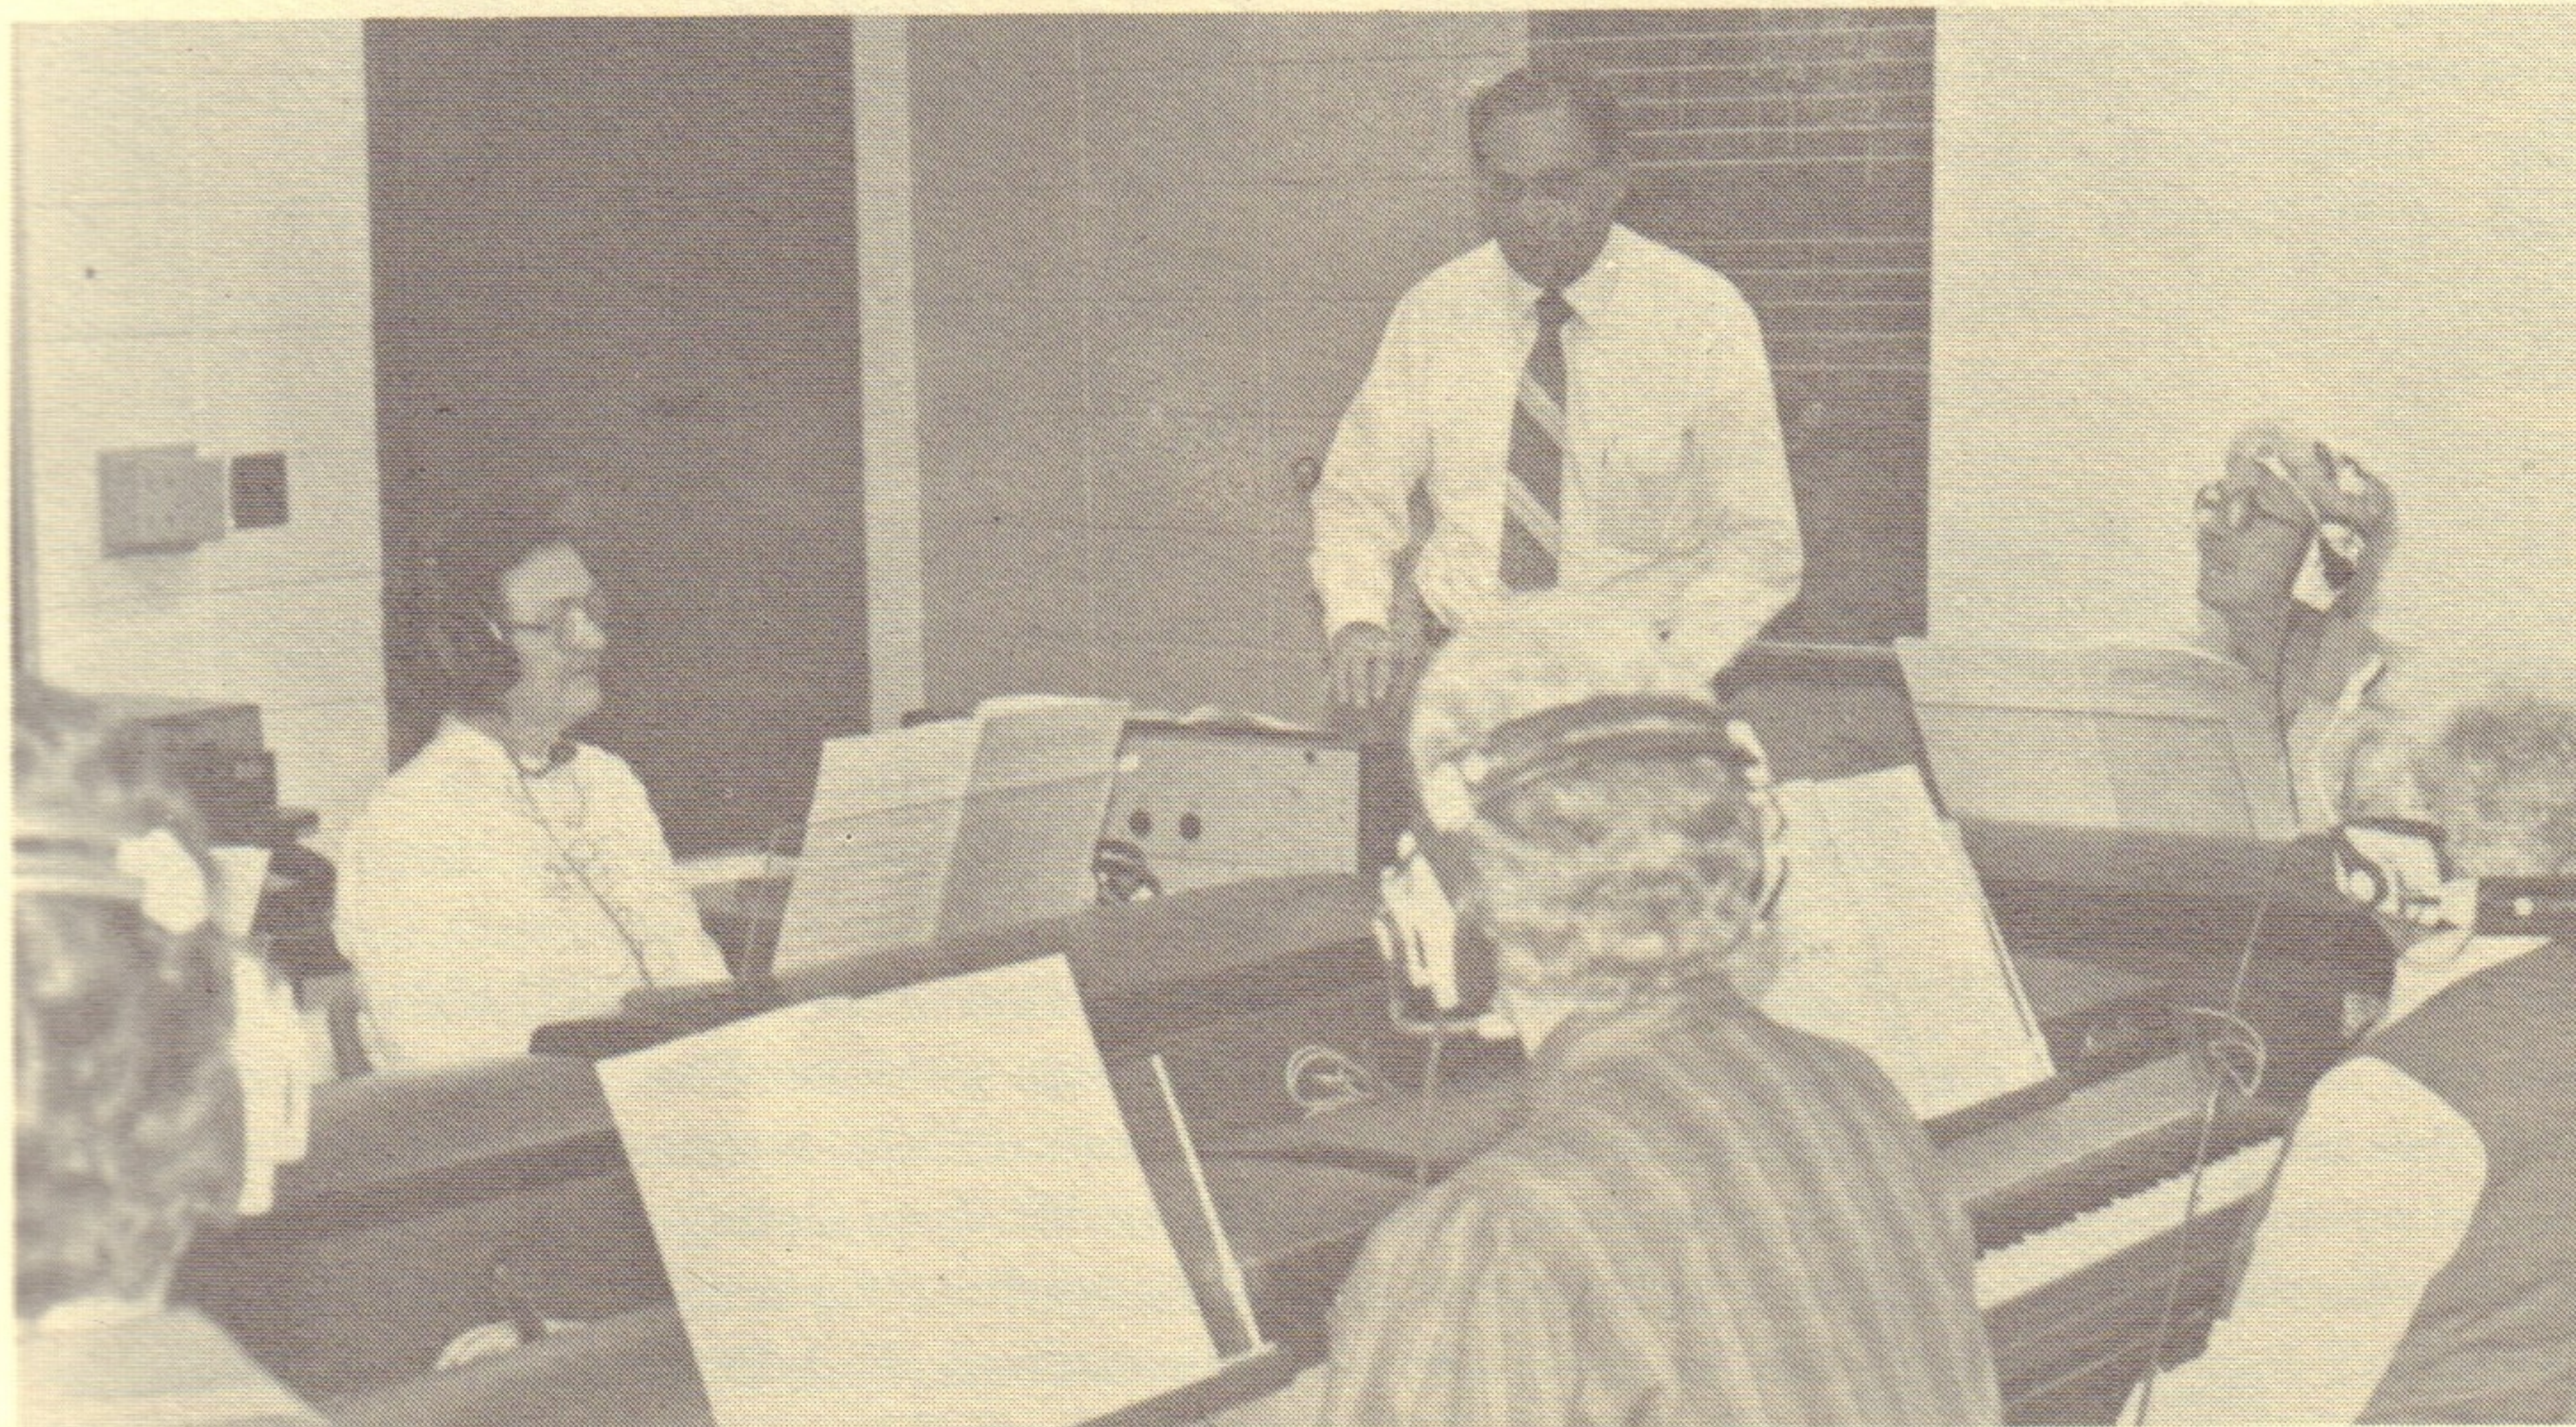

Jeanene Wilder

Senior Adult Scholarship Program Very Successful

The Senior Adult Scholarship Program at Snead State Junior College, initiated during Winter Quarter 1985-86, has been a very successful, positive addition to the school environment. Senior students enrolled in the various classes have thoroughly enjoyed the course work, have expressed their enthusiastic satisfaction of the experiences, and have been a joy to the instructors who have worked with them.

Shown during a class session is Dean Glenn Maze instructing a class piano group. Dean Maze has been delighted with the participation and with the progress the students have shown.

The scholarship program allows any student who is sixty years of age or older, and who meets admission requirements, to enroll in credit courses with full waiver of tuition cost. The student pays only a one-time \$5.00 application fee. The program will continue in the 1986 Spring Quarter, with prospects for increased enrollment.

Robert S. Johnson

Johnson To Be Dean Of Student Development

Robert S. Johnson has been appointed Dean of Student Development at Wallace College, Dr. Nathan Hodges, president, announced. He assumed his duties on February 1.

Mr. Johnson was director of admissions at Birmingham-Southern College where he had been on the staff for eight years. Prior to that he taught in the Guntersville schools.

He holds a bachelor's degree from Troy State University and earned his master's degree from the University of South Carolina. Mr. Johnson is currently enrolled in the doctoral program at the University of Alabama.

Mr. Johnson is a member of the Alabama Association of Collegiate Registrars and Admissions Officers, the Southern Association

of College Admissions Counselors, and the National Association of College Admissions Counselors. He has been secretary/treasurer of Kappa Phi Kappa, a professional education fraternity, for the past two years.

His hobbies are tennis and running and he has completed several marathons. Mr. Johnson is married to the former Cecelia Hutcheson of Florala, a sixth grade language arts teacher in the Bessemers schools.

Dr. Moon Returns To Wallace Staff

Dr. William (Bill) Moon has returned to Wallace College as Director of Allied Health Programs, Dr. Nathan Hodges, President, announced.

Dr. Moon, who was associated with Wallace College for several years earlier, has been employed in education since 1955. He has held positions as a high school principal, college professor and dean. For the past two years, he was associated with Trenholm State Technical College as an administrative assistant with responsibility for allied health programs.

A native of Ft. Deposit, Dr. Moon is a graduate of Troy State University. His master's degree is from the University of Florida and he earned his doctorate at Auburn University.

Dr. Moon resides in Dothan with his wife, Carolyn, who is a counselor at Wallace College.

"I am proud to have a man with Dr.

Moon's professional standing and expertise on our administrative counsel," Dr. Hodges said. "We look forward to working with him on many future projects to benefit Wallace College students and the community as a whole."

DEWAYNE FLASHES a winning smile while Betty Bryant of Midland City gives a report on his progress.

Best 'Award'

Dewayne Brown, 5, was all smiles when he visited a meeting of the Phi Beta Lambda chapter at Wallace College. The chapter won second place in the nation for its community service project of spearheading a fund raising drive for the expensive medical treatments Dewayne needed last year in his fight against cancer.

The national recognition meant a lot to the club, but Dewayne's smiling face meant even more to the college students.

Dewayne's brother, Brandon, was the donor for the lifesaving bone marrow transplant.

Associate Degree Nursing Program Reaccredited

The Associate Degree Nursing program at Wallace College has had its accreditation continued for another eight years by the National League for Nursing, Dr. Nathan Hodges, President, announced.

Mrs. Glenda Spann, chairman of the ADN program, said she received official notification from Helen Tirpak at NLN headquarters in New York City. Ms. Tirpak said that 10 states were represented on the board when it met recently to review the associate degree programs.

The self-study Wallace College presented to this board for review was the culmination of two years of intensive work by the faculty, staff, students and area health agencies, Mrs. Spann said.

The National League for Nursing is responsible for upholding the standards of the nursing profession and accreditation means that an institution is meeting these standards and serving the needs of the community in a changing society.

The Wallace College ADN program began in 1969. Since then, more than 900 students have completed their studies and become Registered Nurses. They compose 80 to 85 per cent of the RNs staffing hospitals and nursing homes in the Wiregrass.

Memorial Scholarship Fund Established For Randy Crawford

The Randy Crawford Memorial Scholarship Fund to provide aid to a deserving student at Wallace College has been established by Mr. and Mrs. Jeff Crawford, Jr., Greenwood, Fla., Randy's parents.

Crawford, who was on The Governors varsity teams of 1980-81 and 1981-82, died in a car accident on Nov. 30, 1985.

A graduate of Malone High School, he received his B.S. degree in Chemical Engineering from the University of Florida. He was employed with International Paper Co. in Mobile as a process engineer.

Randy was named to *Who's Who Among Students in American Junior Colleges* in 1982. He won the World Freethrow Championship in June 1982 and earned his private pilot's license in Aug. 1983.

"Because of his size (he was 5'7") Randy had to work harder than some of the other players," said Johnny Oppert, athletic director at Wallace College. "He was a very hard worker and a really fine student."

Melinda Sanders

Melinda Sanders Joins Wallace's Counseling Staff

Melinda Sanders of New Hope Community has joined the staff of Wallace College as a counselor/psychometrist for the Title III program which is expected to enhance the college's student development services.

Mrs. Sanders will select and administer the tests which are aimed at student retention — that is, at helping students remain in school until they reach their goals rather than becoming discouraged by academic failure and dropping out.

A native of Coffee County, Mrs. Sanders earned her bachelor's degree in social studies and English and her master's in guidance counseling from Troy State University.

Her husband, Johnny A. Sanders, is a coach and teacher at Ariton. Their two children are John Christopher and Melanie Melinda.

Denise Jenkins

Jenkins Selected For Traveling Hair Show

Denise Jenkins of Donalsonville, Ga., who recently completed her course in Cosmetology at Wallace College, has been selected for the hair styling team of "Mr. Ray" and will perform in New Trends for '86.

She will travel throughout the nation with the team, demonstrating new hair styles and how they are achieved. Ms. Jenkins is one of six young women who will work with the stylists Ray Netherly and Lynn Moore in this show. She will be preparing to take the State Board Examinations for her licensure as a cosmetologist. Later, if she qualifies, she will enter the World Supreme Championships under the director of these two expert stylists and showmen.

Employers Seek Electronics Graduates From Wallace College

Employers are eager to hire graduates of Wallace College's Electronics program.

Several recent graduates are now employed full time, maintaining the program's high record of jobs for those who have completed the study.

Therrell Bradley of Ozark is working with Service Equipment Co., in Dothan, maintaining the firm's computerized gas pumps and associated equipment.

Kevin Dutton of Dothan has accepted a position with Diversified Products of Opelika, working with the instrumentation used in manufacturing.

Humminbird Techsonics of Eufaula has a

new trouble shooter in Carol Jarrett of Ozark. As a bench technician, she checks products as they come off the assembly line and makes adjustments and repairs to the equipment as needed.

Others who have recently gone to work in industry are Billy Hall of Dothan, who is an engineer's aid at Hughes Missiles of Eufaula; and Nolen Manley of Daleville who is working with Computer Products and Resources of Enterprise.

Tri-State Math Olympiad Held March 3rd

More than 1,000 students from some 70 Wiregrass high schools were expected to compete in the sixth annual Tri-State Math Olympiad, March 3 at Wallace College.

Trophies went to the top three scorers in eight categories with students competing in two divisions according to the size of the participating schools. The winner in each division was offered a one-year tuition scholarship to Wallace College.

In addition, the schools whose teams finish first, second and third in the competition received permanent plaques noting the achievement.

Ribbons of achievement went to students who placed fourth through 10th in the competition.

Schools will receive copies of their students' exams along with answer sheets. They will also be provided with a confidential statistical analysis showing how their students compare with others in the competition in each category. This has proven a useful tool for schools as they determine the strengths and weaknesses of their mathematics programs, said Dr. John Dinkins, Olympiad coordinator and chairman of the Wallace College Math Dept.

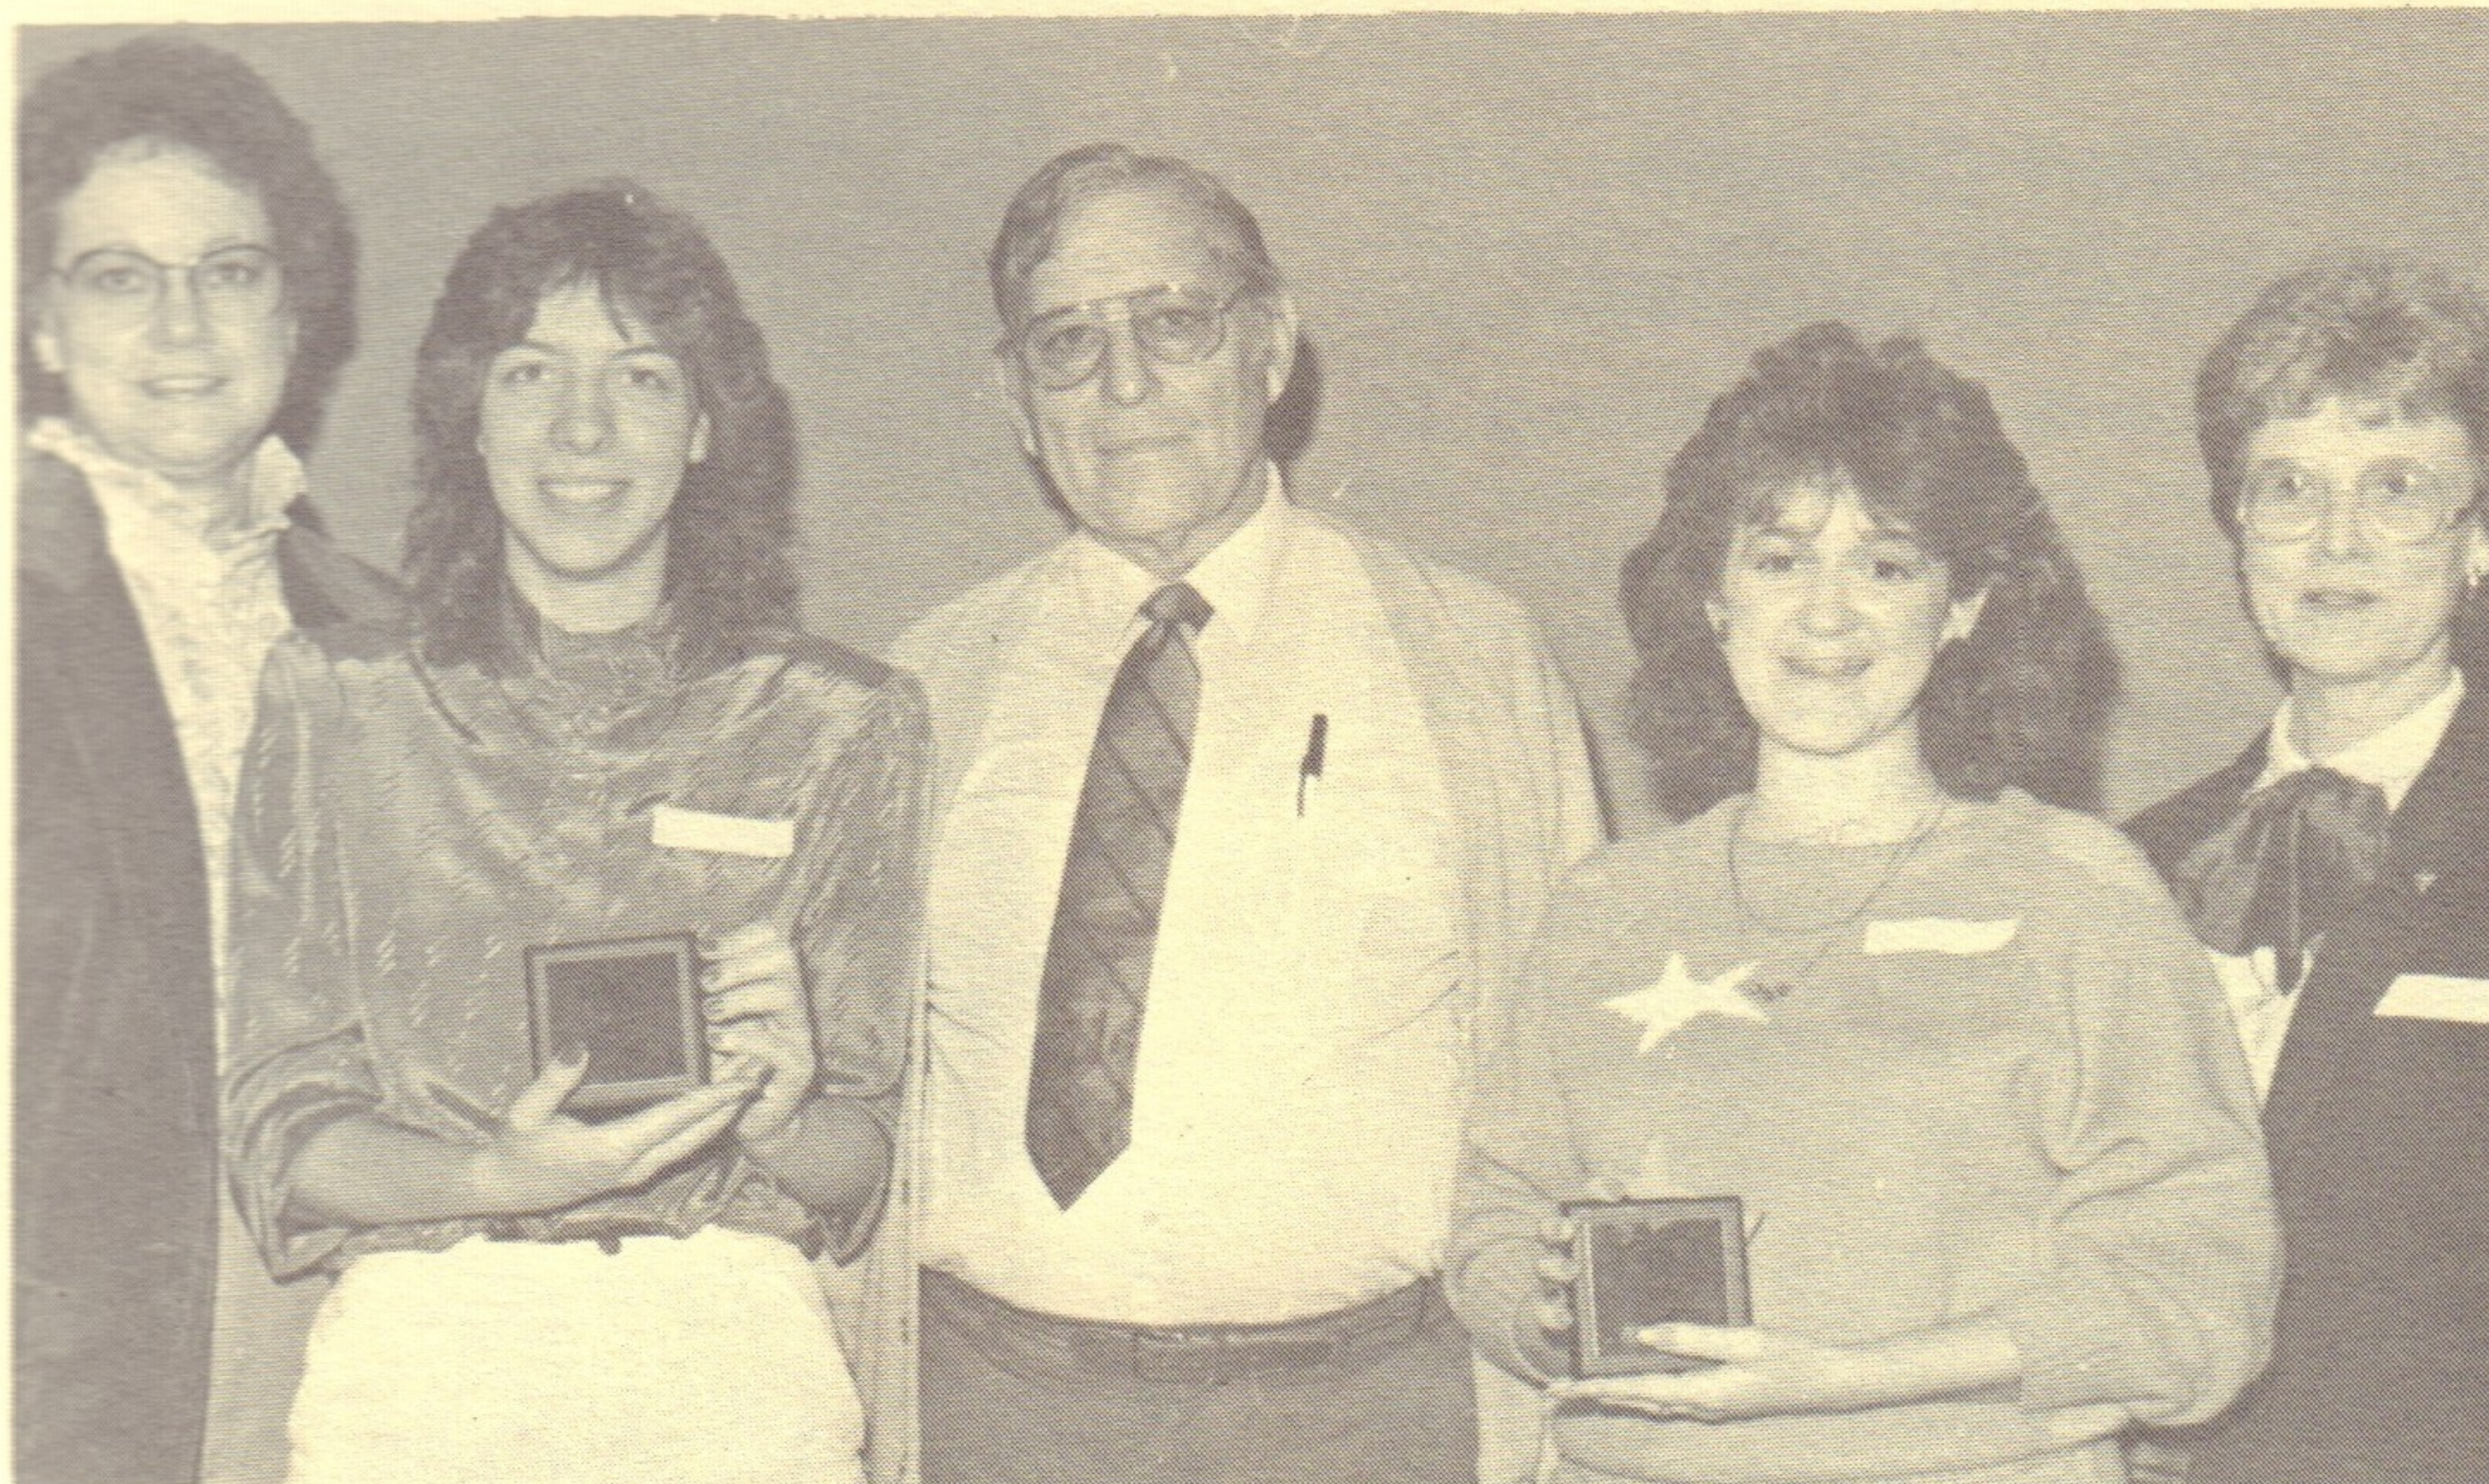

Categories for the competition were Algebra I, Geometry, Scholarship, Computer Literacy, Algebra II, Pre-Algebra, Advanced Math and BASIC Programming.

Sponsors accompanying students to this competition were entertained at a reception by Dr. Nathan Hodges, Wallace College President. A discussion of interest to them was held while their students are taking exams.

Wallace Branch Offices Now Open At Ft. Rucker

New administrative offices for the Wallace College Branch at Ft. Rucker are now open. Located in an attractive and convenient area upstairs at the Army Education Center, the facility held its official open house last Friday.

Dr. Rebecca (Becky) Baker of Ozark is director of the Ft. Rucker Branch of Wallace College. A native of Dothan, she holds a Ph.D. from Auburn University in vocational and adult education.

WIN SCHOLARSHIPS — Brenda Bass and Tanya Lowe won scholarships to Wallace College with their skills in accounting and typing during a tournament on the campus. The annual tournament is a project of Phi Beta Lambda which presents a one-year tuition scholarship to the winner in each category. Some 60 students from area high schools competed in the tournament. Left to right are Mrs. Faye Adkison, accounting instructor from Daleville High School and her student, Miss Bass; Pasco Davis, chairman of the Wallace College Technical Business Dept.; Tanya Lowe of Dale County High School and her typing teacher, Mrs. Martha McClendon.

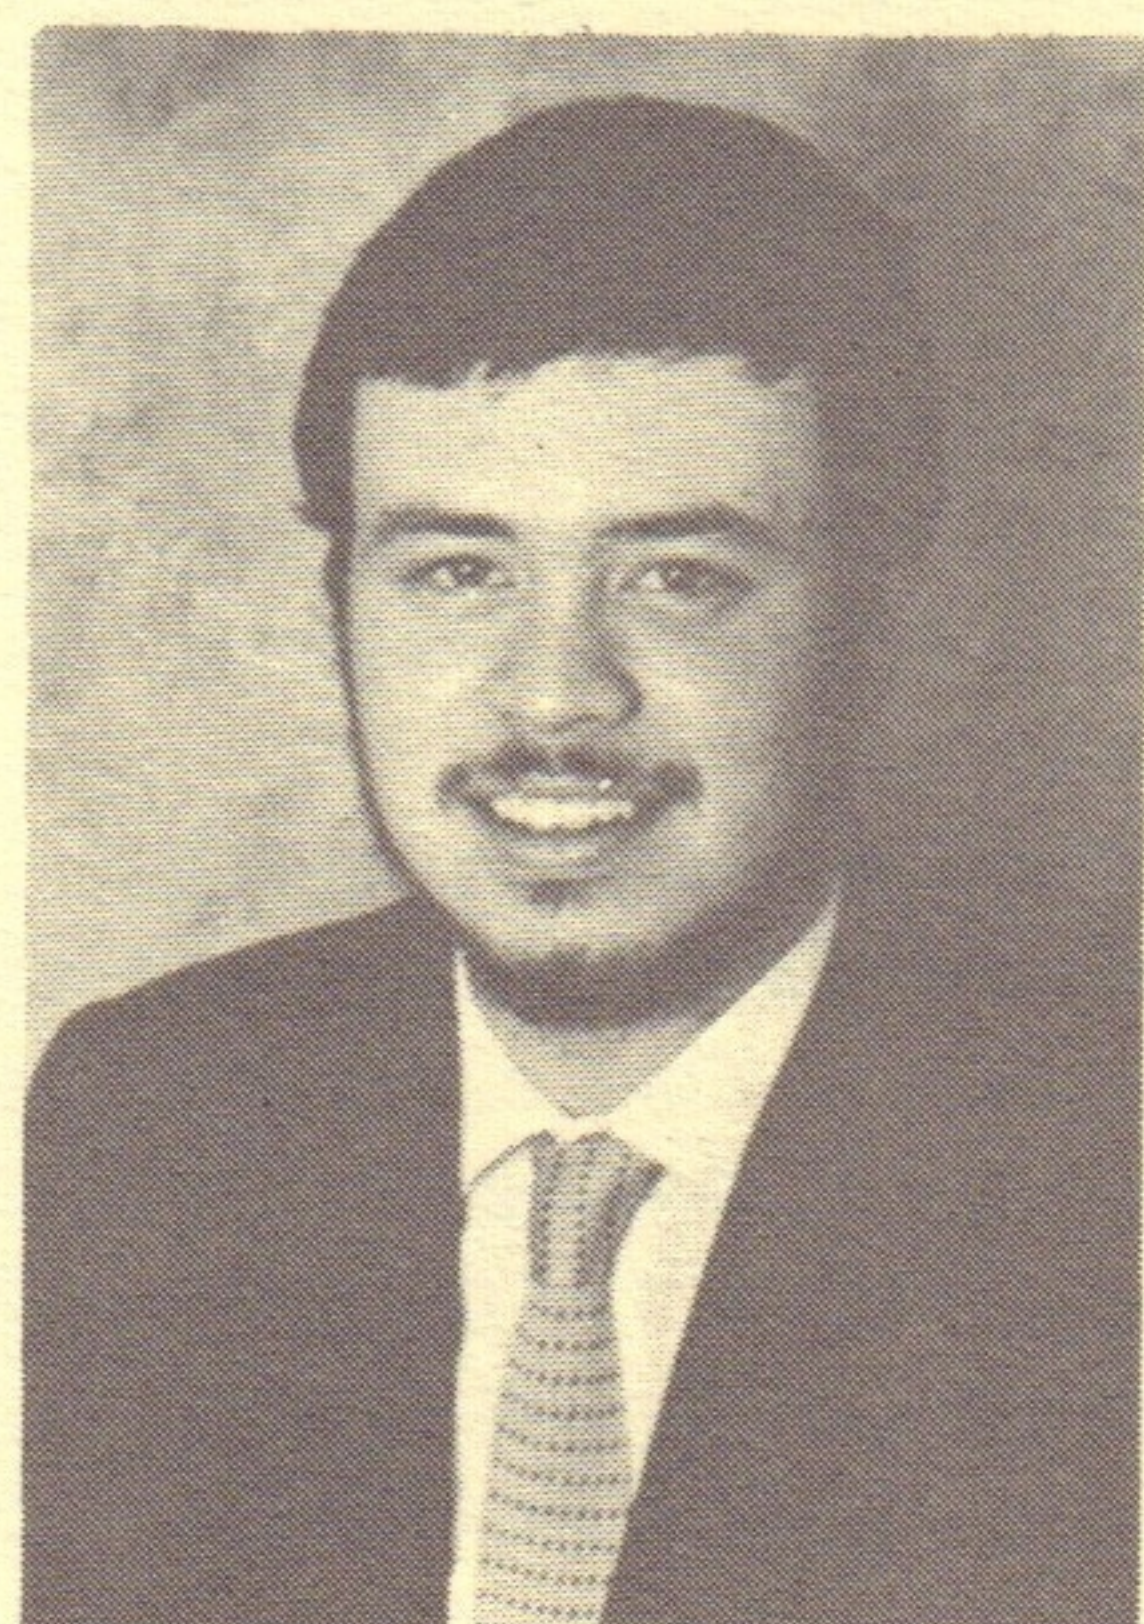

PHARMACY STUDENT — Martha Hanchey of Headland has completed her pre-pharmacy studies at Wallace College and has been accepted for Pharmacy School at Auburn University. A student at Wallace College since 1981, Miss Hanchey is the daughter of Mr. and Mrs. Mike Parker of Headland and Mr. and Mrs. Jimmy Hanchey of Enterprise.

WSCC Presents Project Futures At Recent Workshop

Project Futures, a program to eliminate sex bias, to find unaware talented people who are untrained for new job opportunities and educate and train these student resources at Wallace State Community College for those opportunities was presented to the Technical Staff at a recent workshop.

Ms. Letha Weaver is Program Director at WSCC-Hanceville.

A State Department team consisting of Ms. Ann Turnham Smith and Ms. Ida Reinhardt was on campus to assist in the presentation of the workshop.

In Selma . . .

NEW INSTRUCTOR — Dr. Fred Halstead has joined the Allied Health and Dental Assisting Program at Wallace State Community College-Hanceville. He is teaching biology and Dental Assisting Microbiology and Pathology. Dr. Halstead is a resident of Blount County, originally from Michigan. He is a graduate of Eastern Michigan University with a Bachelor's Degree in Biology and a graduate from the University of Detroit Dental School.

Dr. Ledford Presents Video Workshop

Dr. Bruce Ledford, Assistant Professor of Educational Media at Auburn University, recently presented a workshop at Wallace State Community College-Hanceville. The workshop involved the use of video as a tool to improve instruction in the classroom.

Dr. Ledford is a specialist in motion picture and television production. He has produced award-winning documentaries and much of his work has been aired on Public Television.

The workshop was a great success. Instructors left with a much clearer view of video production and its value in the classroom.

Lance Nail Chosen Outstanding Student

WSSC-Hanceville, Dean of Students, Dr. Garlan Gudger, announced that Lance Nail has been chosen to represent Wallace State-Hanceville in the Academic Division of the "Most Outstanding Student" competition to be held in Mobile later in the spring.

Lance is the son of Mr. and Mrs. Eugene Nail of Hanceville. He graduated with honors from Cullman High School. Lance plans to transfer to the University of Alabama with a major in Corporate Finance.

Actively involved in the Circle K Club, College Bowl and currently serving as Vice-President of the Student Government Association, Lance is also involved in community affairs and is a member of Welts Mt. Zion Baptist Church.

Patriots State And National Winners

The Patriots of George Corley Wallace State Community College at Selma are ranked number 15 nationally and are first in the Central Division of the Alabama Junior College Conference. The Patriots appear to be headed for state playoffs and a possible trip to the national tournament in Kansas next month.

"This has been a fantastic season for the Patriots," said James H. Booth, Basketball Coach. Coach Booth has been at Wallace from 1977 to the present. He has 135 wins, 79 losses, 3 conference championships, and 5 tournament appearances with the Wallace College Patriots.

SELMA PATRIOTS — Front Row: Victor House, Joe Kirkland, Adam Dawe, Michael Alexander, and Carl Tyus. Standing: Coach James H. Booth, Willie Rencher, Greg Martin, Felton Pittman, Dwight Lawson, Dale Bates, Gary Lawson, and Randy Downie.

Dana Andrews

Dana Andrews Outstanding Student

Dana D. Andrews, daughter of Mr. and Mrs. Tony Andrews, Route 2, Selma, Alabama, has been selected "Most Outstanding Student" at George Corley Wallace State Community College, Selma. She will compete with other students in Alabama's Two-Year College System for "Most Outstanding Student" in Alabama.

Dana is Vice President of Phi Theta Kappa, Vice President of the Student Government Association, Official Student Hostess, Tutor in Math Lab, Private College Tutor, participates in Red Cross Blood Drives, and participated in the Dallas County Department of Pensions and Security Canned Food Drive for Christmas, 1985 on the Wallace State campus.

In addition to the many academic honors received, at the college level Dana is listed in National Dean's List 1984-85, nominated for Who's Who Among Students in American Junior Colleges 1985-86, member Phi Theta Kappa 1984-86, listed on Wallace College Dean's List 1984-85, and Wallace College President's List 1985-86. She has also been awarded a Judson College Scholarship, and the Junior College Transfer Scholarship to Mississippi University for Women.

Dana received a full two-year scholarship to George Corley Wallace State Community College in 1984, where she is enrolled in a pre-med course of study. She plans to transfer to the University of Alabama and graduate from the University of Alabama, School of Medicine.

Dana's hobbies include reading, hiking, biking, swimming, music and working with computers. She is also a member of Selma Choral Society, a Sunday School Teacher (Junior Girls), Junior Choir Director, Soloist, and Treasurer of Peacemakers. Other interests include Ladies Ministries, Clown for Kids Crusade, computer programming, and private tutoring in Math. She also holds a Technician License-Ham Radio.

In Andalusia

Phi Theta Kappa Receives Awards

Phi Theta Kappa, an honorary academic fraternity at Lurleen B. Wallace State Junior College, received two awards at the state convention held at Gulf Shores in early February.

PTK members earned first place in the Scholar's Bowl and a plaque honoring the chapter as the most improved one in the state. The trophy for first place in the Scholar's Bowl was shared with Calhoun State Junior College.

Ms. Ramona Grimes, Social Science instructor, is sponsor of the fraternity. Club members include Bruce Anauo, Geraldine Patterson, Phillip Rabren, Mary Vines, Deborah Welch, Jennifer Johnson, Debbie Young, and Jeyakumar Thurairatnam, all of Andalusia.

Dawn Harrell Carnley, and Shirley King, both of Straughn; Nancy Williams, and Tonia Crowell, Pleasant Home; Jan Foshee, Nancy Sellers, and Kim Smith all of Red Level;

Terri Dee, Wendy Denise Weeks, Renee Pridgen, Diane Schofield, Rosa Tanner, Nancy Sellers and Kevin Phillips, all of Opp.

Linda Jones, McKenzie; Vickie McNaughton, Georgiana; Tammy Holmes, Brantley and Traci Holliday, Elba.

Members are in the process of raising money to finance their trip to the national meeting to be held in Philadelphia, Pennsylvania in April.

Women's Conference Scheduled For LBW

A women's conference on "New Directions for Alabama Women" has been scheduled on the Lurleen B. Wallace State Junior College campus for April 12, 1986.

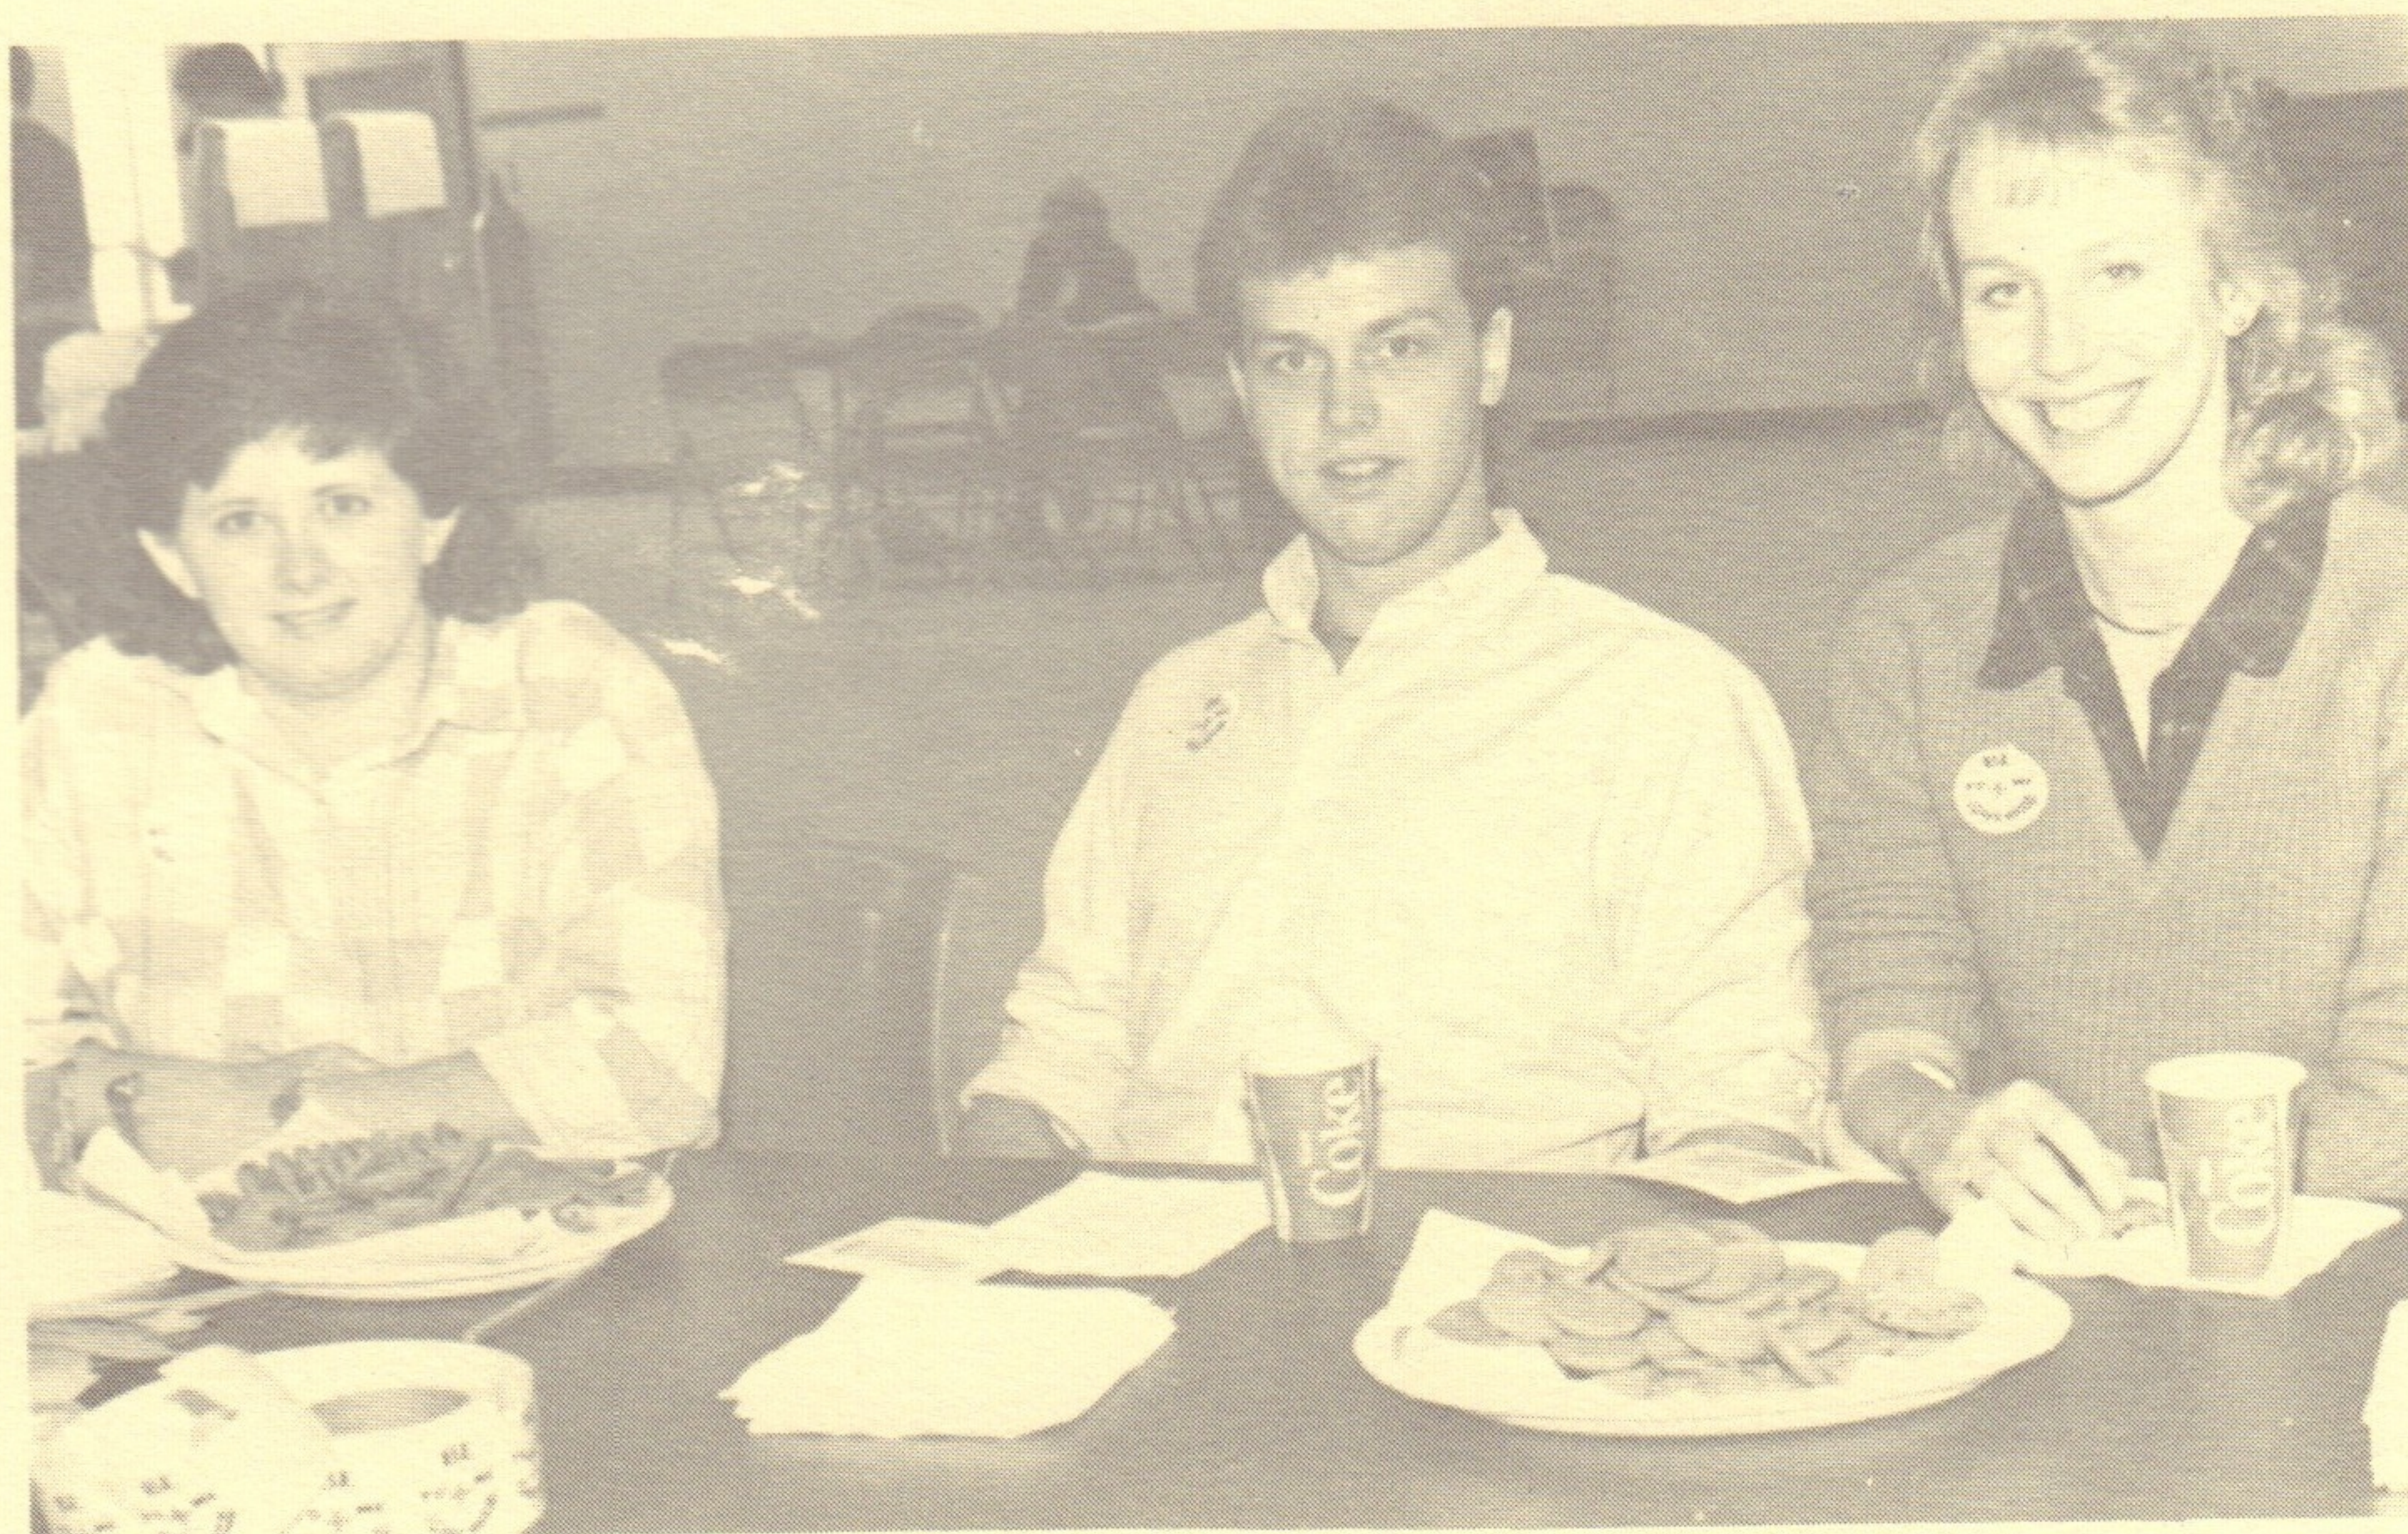

The conference will focus on careers, employment, education, politics, the arts, and the family. Speakers will include Ron Limoges, Director of the Erna Jaffe Foundation, Fall River, Massachusetts; Mary E. Jones, Administrative Assistant to the Mayor of Birmingham and member of the Women's Commission; Dana Walker, educator at AUM; Charlene Hall-Redick, psychologist and playwright; and Dr. Michelle Wilson, Professor of Sociology, AUB.

"Nothing of this nature has been offered in Andalusia before," explained Marilyn Centner, Director of WIN, "and we are expecting a good response from the community as well as the state at large." The Saturday conference will open with coffee and registration at 8:30 and continue until 3:30. Box lunches

will be provided from the registration fee of \$4.00 for early registrants and \$5.00 for those registering at the door.

FOUR MEMBERS OF PHI THETA KAPPA are shown with the trophy and plaque the club won at the state convention held at Gulf Shores in early February. At left, Traci Holliday, Elba, holds the trophy for placing first in the Scholar's Bowl. Tonia Crowell, Pleasant Home, displays the plaque for the most improved club in the state as Dawn H. Harrell, Straughn, and Rose Tanner, Opp, look on. PTK is an honorary academic fraternity at LBW.

THE LURLEEN B. WALLACE State Junior College Compass Club, a service organization at the Andalusia college, recently completed its second successful campus blood drive. Ninety students, including, from left, Kim Rodgers, Scott Harrison and Kay Tomlin, gave the gift of life. The LBW Compass Club was named Outstanding Compass Club in Alabama for 1985-86 at the Anchor-Compass Convention held recently in Montgomery. Compass Club is a service club for college students sponsored jointly by the college administration and a local Pilot Club.
